

No. 852B.

The following Rules, for the Port of Calcutta, have been made, under section 9 of Act VIII of 1878, by the Board of Revenue, Lower Provinces, with the sanction of the Local Government, and are, under section 204 of the same Act, notified for general information.

Rules.

1. Rice may be water-borne for shipment prior to the taking out of a shipping bill to cover it, provided that the boats remain at such place or places as may be indicated by the Customs authorities.

2. As soon as a boat is loaded, a boat-note must be given to the manjes indicating the anchoring ground which it is intended to lie at, and the boat must proceed there without unnecessary delay, the boat-note being shown to any officer of Customs requiring to see it.

3. After a boat has arrived at one of the anchoring grounds, it will not be allowed to leave until—(1) special permission has been granted, or (2) it has been supplied with an export boat-note showing the number of the shipping bill which covers the rice in it.

[First Publication.]

NOTIFICATION.

The 26th August 1884.—In continuation of the rules published in the notification of the 22nd December 1883, the Lieutenant-Governor is pleased to make the following rules, under section 143 of Act I of 1882 (the Inland Emigration Act), to provide for house accommodation, food, water-supply, sanitary arrangements, hospital accommodation, and medical treatment at places of labour in Chittagong and the Chittagong Hill Tracts :—

CHAPTER V.

Places of labour.

171. Each labourer and dependent shall be entitled to not less than 50 superficial feet of house accommodation; and each family shall be entitled to separate house accommodation on the above scale. Sufficient garden ground shall, if possible, be attached to each house.

172. Every house shall be kept weather-tight and sufficiently lighted and ventilated; and where iron roofs are constructed, some non-conducting material shall be used to line such roofs.

173. Raised platforms or cots for sleeping shall be provided in the labourers' houses.

174. The sites occupied by labourers' houses, and the places in its neighbourhood, shall be drained, and kept clean and free from rank vegetation. No hollows shall be allowed to exist for the accumulation of filthy water or of anything likely to prove injurious to health.

175. Every employer shall provide wholesome drinking water, and a sufficient supply of good water for other purposes, for his labourers, either by sinking wells, digging tanks, or in such other manner as may appear to the Inspector of Labourers to be suitable to the circumstances of the case, care being taken that the source of drinking water shall be situated at a sufficient distance from any known cause of pollution.

176. When the supply of rice in the local market is insufficient, or the price exceeds Rs. 8 per maund, the employer shall supply, or cause to be supplied, to the labourers a sufficiency of rice at a rate not exceeding Rs. 8 per maund. Ten chittacks of rice a day for each person above 10 years of age, and five for every child under that age, shall be considered a sufficient supply.

177. To every place employing more than 50 labourers a medical officer shall be appointed, who has passed the examination qualifying for the rank of hospital assistant, or of some superior grade; and such medical officer shall reside within five miles of the place where the labourers live.

178. In any place where less than 100 labourers are employed, a portion of the labourers' lines, subject to the approval of the Inspector of Labourers, may be utilized as a hospital for the treatment of ordinary and non-contagious sickness; but a central hospital for groups of two or more neighbouring places shall be provided for the treatment of serious and contagious cases.

179. The central hospital, consisting of one or more buildings, shall be separated from the labourers' houses; and shall be well raised, ventilated, lighted, properly fitted with doors, windows or jhamps, and in all respects suitable for the accommodation of the sick.

180. The hospital accommodation shall be sufficient for five patients under any circumstances; and for not less than 5 per cent. of the total number of labourers where large bodies are employed at the rate of 100 superficial feet for each patient. Also such furniture, fittings, appliances, clothing, blankets, and staff of attendants shall be provided as the Inspector may consider necessary.

181. In every place where labourers' lines are erected, proper accommodation for a dispensary or dispenser's room, and a supply of medical stores in quantities not less than those prescribed in Schedule F, shall be provided.

NOTIFICATION.

Dated Darjeeling, the 21st August 1884.

[Regulations made by His Honor the Lieutenant-Governor of Bengal, pursuant to the provisions of section 37, Act XVIII of 1879, for conducting the examination of candidates for Pleadership and Mookhtearship in the Mofussil Courts subordinate to the High Court of Judicature at Fort William in Bengal.]

1. In order to the ascertainment of the qualifications of candidates for admission as Pleaders and Mookhtears in the Mofussil Courts subordinate to the High Court of Judicature at Fort William in Bengal, the Lieutenant-Governor of Bengal will from time to time appoint Examiners in Law, who shall have a President and a Secretary.

2. The examination of candidates shall be held on such dates, within the month of February or March in each year, as shall be appointed and duly notified by the Examiners in Law.

3. The examination shall be conducted by the Examiners in Law, and shall be held under the superintendence of the person or persons appointed for that purpose.

4. The examination of candidates for Pleaderhips shall be held in Calcutta; the examination for Mookhtears shall be held at Calcutta, Patna, Dacca, Cuttack, Gowahatty, and Sylhet.

5. The examination for Pleaders shall be conducted in English, and for Mookhtears in English or in the Vernacular of the district, at the option of the candidate, as declared in his application for admission to the examination.

6. The examination shall be in part by written questions, the answers to which shall be in writing, and in part *vidv voce*. But the Examiners in Law, with the sanction of the Lieutenant-Governor, shall have power to dispense with the *vidv voce* examination in the vernacular if it seems advisable to do so.

7. The Examiners shall prepare the written questions, of which there shall be not less than four papers for the Pleaders' and two for the Mookhtears' examinations respectively.

8. Each paper shall consist of not less than twelve questions, and shall bear a full value of 160 marks.

9. The full number of marks for the *vidv voce* examination, in which candidates shall be asked at least five questions, shall be 50.

10. The questions shall be so framed as to test the knowledge of the candidates in the subjects mentioned in the rules passed by the High Court for the qualification, admission, and enrolment of Pleaders and Mookhtears in Mofussil Courts, and they shall be so prepared that a candidate may be able to pass by studying the regulations, enactments, and text-books therein specified.

11. The number of marks to which each candidate shall be entitled for his answers to the written or oral questions shall be determined by the Examiners in Law.

12. To be entitled to pass, candidates must obtain not less than the marks specified below:—

50 per cent. in each branch; and

66 per cent. on the aggregate number of marks for the whole examination.

13. No candidate will be allowed to enter the examination room with any books, private memoranda, or paper of any description, and any one detected doing so will forfeit all fees paid by him, and will not be permitted to undergo examination. Any candidate detected in the act of using unfair means, such as communicating with one another or copying from his neighbours or from private memoranda or books, &c., will be summarily ejected from the examination-room, and will forfeit all benefit to be derived from the previous portion of the examination, and all right to proceed further with it, together with all fees paid by him.

14. When the examination shall have been concluded, the Examiners in Law shall submit the names of those candidates who have passed, together with a report of their proceedings, to Government.

15. The names of the successful candidates shall be published in the *Calcutta Gazette* and certificates, to be granted by the Examiners in Law under the signatures of the President and Secretary, shall be forwarded for distribution to the successful candidates by the Judges of their respective districts.

NOTIFICATION.

The 29th August 1884.—It is hereby notified for general information that the Lieutenant-Governor proposes to make the following Port and Pilot rules for the Port of Chittagong should no valid objection to them be taken within one month from this date.

The Port of Chittagong, and the navigable river and channels leading thereto, having, with the sanction of the Governor-General of India in Council, been declared subject to the provisions of Act XXI of 1855, have become subject to Act of 1875 (the Indian Ports Act, in accordance with the provisions of section 3 of the latter Act.

The limits of the said Port of Chittagong are as follow:—

To the north-east,—a line drawn across the river Karnafulee from the boundary pillar at the mouth of the Chaktai nullia to the boundary pillar on the opposite bank of the said river.

To the south,—a line drawn from Joodia flagstaff to Patunga beacon.

These limits include so much of the river Karnafulee and the shores thereof as lie within fifty yards of high-water mark at ordinary spring tides.

The limits of the navigable river and channels leading to the said Port of Chittagong are as follow:—

To the north-east,—the Port of Chittagong as above defined.

To the south,—a line drawn west from Norman's Point light-house.

To the north,—the port as defined above, and from Patunga beacon a line drawn due west seaward.

To the west,—a line drawn parallel to a line between Patunga beacon and Norman's Point light at a distance of four miles.

To the east,—the south bank of the Karnafulee river between Joodia and Norman's Point light-house.

All parts of the river Karnafulee between the said limits and below high-water mark at ordinary spring tides are subject to the said Act.

Port dues shall be levied at the following rates once in 60 days in the Port of Chittagong:—

Balan boats of 10 tons and upwards, 1 anna for every ton of burthen.

All other sea-going vessels of 10 tons and upwards 4½ annas for every ton of burthen.

Port Rules.

The following Port Rules are hereby promulgated for general information and guidance:—

Rule I.—Within 24 hours after arrival within the limits of the port, the master should report to the Port Officer the arrival of his vessel, which shall be put into moorings or shall take up such berth as may be appointed by the Port Officer, from which she shall not be removed (except in case of emergency) without the sanction of the said officer. Every vessel shall change her berth when required by the Port Officer to do so.

Rule II.—Every vessel lying within the limits of the port shall be moored and shall keep a clear hawse.

Rule III.—Unless moored head and stern, no vessel within the port, or in the navigable channel leading thereto, shall lie close to the shore, or shall in any way obstruct the passage of boats inshore.

Rule IV.—Every vessel in moorings shall use her bower chain for her stern moorings, or such other chain that may be approved of by the Port Officer, who, in case of approaching bad weather, may have the same changed or doubled at his discretion.

Rule V.—Every vessel within the port shall rig in her jib and driver booms, and, if required to do so, take in all boats hanging at the davit as soon as she has moored, and shall so retain them, unless otherwise authorized by the Port Officer.

Rule VI.—Every vessel entering the port between the 15th day of May and 15th day of November shall send down her top-gallant yards, and have mast ropes rove ready to send down her top-gallant masts at short notice on receiving instructions from the Port Officer.

Rule VII.—No ballast shall be discharged from shipboard, or landed from boats, or taken from the shore or river banks within the port and its approaches without the previous sanction of the Port Officer, who may appoint ballast guards to supervise the work.

Rule VIII.—Vessels of less than 12 feet draught, proceeding up or down the river, are prohibited from anchoring in the fairway.

Rule IX.—All vessels anchored in the stream within the port and its approaches shall exhibit between sunset and sunrise, where it can be best seen, but at a height not exceeding 20 feet above the hull of the vessel, a white light in a globular lantern of eight inches in diameter, and so constructed as to show a clear, uniform and unbroken light, visible all round the horizon, at a distance of one mile. Vessels under weigh at night shall show the lights prescribed by the Board of Trade Regulations.

Rule X.—All ballams, cargo-boats, bhurs, and budgerows, when under weigh after dark within the port, shall carry a white light in a lantern in the forepart of the vessel, where it can be distinctly seen.

Rule XI.—Except in cases of emergency, no vessel shall be moored, or unmoored, and no hawsers and warps shall be left out between sunset and daybreak.

Rule XII.—Vessels fouling buoys, tide-gauges, or any other plant of the port, shall report the same to the Port Officer in writing without delay, stating the time and manner of occurrence. Violation of this rule will render the master of the vessel liable to a penalty not exceeding Rs. 100.

Rule XIII.—Every vessel of a draught of 12 feet and under shall anchor on the shoal side of the river, or, if town, from below the pier on the south side of the river, and from Gushaldanga to Domacolli on the eastern side of the river, and below Domacolli to Gooptacolli on the northern side of the river, and keep in a line so as not to obstruct the navigation of the river in any way. Vessels will also keep on board a crew not less than the following scale according to their tonnage set forth below, viz.—

	Men.
Vessels of 100 tons and under	3
" of 100 to 199 tons	4
" of 200 „ 299 „	5
" of 300 „ 499 „	6
" of 500 „ 699 „	7
" of 700 and upwards	10

Rule XIV.—Vessels shall not anchor in fairway off the bar, or on the bar, and any vessel so anchoring shall be liable to a fine not exceeding Rs. 100 for every day or portion of a day on which she may remain in the fairway or on the bar.

Rule XV.—No vessel dropping up or down the river shall anchor in the fairway unless she be of heavy draught or of great length. Any vessel on the move or waiting the next tide shall sheer out of the channel and anchor as far out of the fairway as she can do without risk.

Rule XVI.—Vessels occupying moorings or using the heave-up boat will be subject to the undermentioned charges:—

	Rs.
Occupying moorings, per diem ...	6
Occupying swinging buoys ...	3
For mooring at or unmooring from the fixed fore-and-aft moorings with the use of heave-up boat on each occasion ...	16
Harbour Master's fee for mooring or unmooring a vessel on Sundays and holidays ...	10
Use of heave-up boat for assisting a vessel, per diem ...	32
Running out anchors for vessels on shore, or going on the hard, to clear bottom on each occasion ...	32
Use of Government hawser, per diem ...	10
Shifting a vessel's berth for the convenience of the owners ...	16
Vessels occupying the jetty head for loading or discharging cargo other than salt, per diem ...	20
Vessels occupying the jetty head for loading or discharging salt, per thousand maunds ...	10
Salvage on anchors and cables, per cwt. ...	3-8

Rule XVII.—No person, unless authorized by the Port Officer, shall creep or sweep within the port for anchors, cables, or other stores lost, or supposed to be lost, therein.

Rule XVIII.—Any sampan, cargo-boat, or other vessel going alongside an arriving steam-vessel before she is anchored, shall be liable to a penalty not exceeding Rs. 100.

Port Officer or any one deputed by him not to be interfered with.

Rule XIX.—The Port Officer, or any one deputed by him, shall not be interfered with in the execution

of his duty.

Rule XX.—No vessel shall use any of the moorings, whether fixed or swinging, without permission of the Port Officer.

Rule XXI.—All applications to be hauled into, or cast off from, the moorings, or for any other assistance, shall be made either personally or by letter to the Port Officer. Applications will, as far as possible, be complied with in order according to date of receipt.

Rule XXII.—Storm signals will be only used within the limits of the Port of Chittagong to give notice to the shipping and general public of the early approach of a severe cyclone with its attendant storm-wave. The following are the storm signals which will be used within the limits of the port. They will be hoisted on the flagstaff yard-arm at Sudder ghât and on the Joodia flagstaff yard-arm on receipt of instructions from the Meteorological office.

A ball indicates that a severe cyclone, of which the centre is in the neighbourhood of Akyab, will probably advance towards Chittagong.

Day warning signal.

A drum indicates that a severe cyclone with its attendant storm-wave is approaching Chittagong.

2. Day danger signal.

Three lights in a vertical plain indicate that a severe cyclone, of which the centre is in the neighbourhood of Akyab, will probably advance towards Chittagong.

3. Night warning signal.

Two lights in a vertical line indicate the early approach of a severe cyclonic storm and its attendant storm-wave to the Port of Chittagong.

Night danger signal.

Rule XXIII.—Vessels lying in the stream or at the moorings shall at all times have at least one anchor at the bow, with a cable bent and ranged ready to let go. Vessels with no spare hawse pipe for cables shall have a good hawser bent ready for letting go.

Rule XXIV.—Every ship or vessel within the port shall remove any anchor or spar, or other object projecting from her side, when ordered to do so.

Vessels to remove projections from sides.

Rule XXV.—No person shall smoke or use naked lights of any description in the hold or between-decks of any vessel lying in the port. Closed lanterns, secured by lock and key, and in charge of an officer of the vessel, shall alone be taken between-decks or into the hold.

Rule XXVI.—Fires shall be permitted only in galleys or fire-places regularly constructed for the purpose; such fires to be kept alight only between daybreak and 9 p.m. Fires for cooking shall not be allowed on board of vessels in dock.

Rule XXVII.—With a view to the extinction of fires, all vessels in port shall be provided with three buckets for every hundred tons of registered measurement up to 600 tons, and two additional buckets for every 100 tons above 600; provided that the total number of buckets shall not be required to exceed 50 in any vessel. One-half of such buckets shall be left constantly hung up on the quarter-deck or other convenient place.

Rule XXVIII.—When fire has broken out in any vessel, the officers in charge of all vessels in neighbouring moorings or anchorage shall furl their awnings, get their force-pumps ready for use, and prepare for slipping their cables and chains, seeing specially that the pins of the shackles can be immediately knocked out.

Rule XXIX.—No vessel shall lie at single anchor in the port unless a pilot or assistant harbour master is on board; and a fee of Rs. 10 per diem will be charged for his services.

Rule XXX.—All vessels about to leave the port shall hoist the Blue-Peter at the fore at least twenty-four hours before leaving the moorings, and shall keep it hoisted until the pilot takes charge of the vessel to take her to sea.

Rule XXXI.—No vessel shall steam, sail, or be towed up on the flood or down on the ebb within port limits except with the permission of the Port Officer.

Rule XXXII.—River steamers and tug steamers having no vessels in tow are permitted to move up on the flood, or down on the ebb, at their own risk and at a speed sufficient to keep the vessels under command; but in no case shall the speed exceed four miles an hour through the water.

Rule XXXIII.—For the use of the Government Launch Fire-engine, a charge of Rs. 50 will be made for every twelve hours and part thereof.

Rules for Pilots in the Port of Chittagong.

I.—Pilots in charge of inward-bound vessels are directed to hoist the vessel's number, and, if salt laden or from dutiable ports, are to have the ensign hoisted at the main-mast head for the information of the Customs Inspector, Jaldia.

II.—A pilot on taking charge of an inward-bound vessel shall, immediately on boarding her, hoist his distinguishing number, and hand over to the master of the vessel the following papers:—(1) Port Rules, (2) Pilotage Rules, (3) Medical Inspection Rules, (4) Customs Regulations. If any case of cholera, small-pox, or other epidemic disease common in India is on board he shall at once report the fact to the Port Officer stating the number of cases, and shall await orders before taking up any anchorage in the harbour.

III.—A pilot detained on board at Jaldia will, in the event of the captain refusing to take steam, report the matter to the Port Officer and await orders.

IV.—The pilot shall not give over charge of his vessel in the river unless she has been moored or he has been relieved by a harbour master or other officer authorised to take charge.

V.—Pilots on arrival off town shall state the time of arrival, the vessel's name, the place where she has been left, and, if moored, with how much chain each way. This information is to be entered in a book kept at the Port Office for that purpose.

VI.—Every pilot shall on arrival report to the Port Officer the number of pilots on the station, and also any alterations he may have observed in the river on his way up.

VII.—No pilot shall take charge of an outward-bound vessel without an order signed by the Port Officer, or proceed unless the vessel has obtained her customs clearance. If the vessel is to take steam, he should not break ground without satisfying himself that the tug is engaged to take the vessel to sea, or to remain by her till the vessel is outside the Outer Bar.

VIII.—The pilot shall ascertain that the vessel has two serviceable bower anchors, and if she has not a sheet or spare anchor fit for a bower over her side, that she has one in such a position on deck that it can easily be brought into use in case of necessity. Also that a kedge with line ready bent be on deck and ready for immediate use.

IX.—If a pilot appointed to take a vessel to sea during neaps considers her draught too much, and that it would involve a risk and responsibility which he is unwilling to take, he should at once communicate the fact to the master and report to the Port Officer, for orders, fully explaining his grounds of objection.

X.—If after a pilot joins a vessel he finds that she is of larger draught than she was reported to be, or that she takes in any cargo that alters her draught, he will at once report the matter to the Port Officer and await orders.

XI.—Pilots are on no account to cross the bar between sunset and sunrise, on pain of dismissal, without the permission of the Port Officer in writing, the cost of lighting the buoys being defrayed by the ship concerned.

XII.—A pilot shall not relinquish charge of a vessel unless on account of sickness or other unavoidable necessity. If he is in any way impeded in the performance of his duty, he should report the circumstances to the Port Officer, and, if necessary, anchor the vessel.

XIII.—Pilots shall attend the Port Office daily, and shall not leave town without permission from Port Officer being previously obtained.

XIV.—Until further orders, pilots shall be guided by the following rules as to the draughts

of vessels to be moved either up or down, in or out :—

- (a)—They may move a vessel in or out without steam at a draught of 18 feet, and with steam to any reasonable draught.
 (b)—Vessels of 275 feet length and upwards shall not be brought up above Moiscally without permission from Port Officer, to whom her length and draught must be reported in writing.

XV.—No pilot on his way up or down the river, and not employed on any special duty, shall pass a vessel having a pilot signal flying without boarding her and ascertaining why she is without a pilot, and if required shall take charge of her, and take her on her way and stop by her until she can be left in safety.

XVI.—Masters are requested to report when there appears to have been any unnecessary delay in getting the pilot on board.

XVII.—If a vessel loses an anchor or anchors, the pilot shall immediately submit a report to the Port Office. The report should be attested by the master of the vessel, and to enable the Port Officer's Department to identify the lost articles, it shall indicate accurately the following particulars :—

- (1) Locality of the loss.
- (2) Bearings of known objects.
- (3) Description, weight, and distinctive marks of anchors.
- (4) Description and quantity of cable.

XVIII.—Should a vessel ground, collide with any vessel or buoy, or meet with any casualty while under weigh or at anchor, the pilot shall, on the first opportunity, forward to the Port Officer a report in writing of the occurrence, containing the following particulars :—

- (a) Locality of the accident.
- (b) Bearings of any known object in view.
- (c) The vessel's draught of water.
- (d) The time of tide.
- (e) Hour of the day the accident occurred.
- (f) Manœuvre the pilot was executing or attempting to execute.
- (g) The damage, if any, sustained.
- (h) The time the vessel was on shore.
- (i) Quantity of water made by the vessel.

XIX.—Pilots, before leaving a vessel, shall obtain a certificate from the master as to how he has performed his duty, and present the same to the Port Officer on arrival.

XX.—Pilots, whilst in town, should daily inspect carefully the channel and the river-book kept at the Port Office.

XXI.—If the pilot considers himself aggrieved by any conduct on the part of the master of a vessel, he shall transmit his complaint in writing to the Port Officer for his consideration and orders.

XXII.—Masters or agents are requested to give at least 24 hours' previous notice when a pilot is required to shift or take a vessel to sea or for any other purpose, to enable the Port Officer to send for pilots from the mouth of the river, if required.

XXIII.—The cutter with pilots shall cruise in the day backwards and forwards from the Outer Bar buoys to off the mouth of the Sangoo river, during the south-west monsoon, weather permitting, and shall remain day and night on her station, viz. three miles outside the Bar buoys during the north-east monsoon. The senior pilot on board will be held responsible should any complaint be made owing to delay being incurred in getting, or putting on, or taking a pilot out from a vessel.

XXIV.—The sanctioned pilotage charge is as follows :—

Draught in feet.	8	9	10	11	12	13	14	15	16
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
In or out ...	30	36	42	50	60	70	80	95	110

Draught in feet.	17	18	19	20	21	22	23
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
In or out ..	125	141	160	180	205	230	260

When the draught exceeds by more than six inches any depth here provided for, the next foot of draught shall be charged for.

For every foot, or part of a foot, exceeding six inches above 23 feet, an additional sum of Rs. 82 will be charged. Three-fourth rates will be charged for steamers and vessels towed by steam.

XXV.—In every case in which the services of a port pilot are not used, and the vessel is piloted by a person specially licensed to pilot in the Chittagong river, half the sanctioned charge for pilotage shall be paid.

XXVI.—All persons specially licensed to pilot in the Chittagong river shall be subject to the control of the Port Officer in regard to their pilotage work.

NOTIFICATION.

The 26th August 1884.—In continuation of the rules published in the notification of the 22nd December 1883, the Lieutenant-Governor is pleased to make the following rules, under section 143 of Act I of 1882 (the Inland Emigration Act), to provide for house accommodation, food, water-supply, sanitary arrangements, hospital accommodation, and medical treatment at places of labour in Chittagong and the Chittagong Hill Tracts:—

CHAPTER V.

Places of labour.

171. Each labourer and dependent shall be entitled to not less than 50 superficial feet of house accommodation; and each family shall be entitled to separate house accommodation on the above scale. Sufficient garden ground shall, if possible, be attached to each house.

172. Every house shall be kept weather-tight and sufficiently lighted and ventilated; and where iron roofs are constructed, some non-conducting material shall be used to line such roofs.

173. Raised platforms or cots for sleeping shall be provided in the labourers' houses.

174. The site occupied by labourers' houses, and the places in its neighbourhood, shall be drained and kept clean and free from rank vegetation. No hollows shall be allowed to exist for the accumulation of filthy water or of anything likely to prove injurious to health.

175. Every employer shall provide wholesome drinking water, and a sufficient supply of good water for other purposes, for his labourers, either by sinking wells, digging tanks, or in such other manner as may appear to the Inspector of Labourers to be suitable to the circumstances of the case, care being taken that the source of drinking water shall be situated at a sufficient distance from any known cause of pollution.

176. When the supply of rice in the local market is insufficient, or the price exceeds Rs. 8 per maund, the employer shall supply, or cause to be supplied, to the labourers a sufficiency of rice at a rate not exceeding Rs. 8 per maund. Ten chittacks of rice a day for each person above 10 years of age, and five for every child under that age, shall be considered a sufficient supply.

177. To every place employing more than 50 labourers a medical officer shall be appointed, who has passed the examination qualifying for the rank of hospital assistant, or of some superior grade; and such medical officer shall reside within five miles of the place where the labourers live.

178. In any place where less than 100 labourers are employed, a portion of the labourers' lines, subject to the approval of the Inspector of Labourers, may be utilized as a hospital for the treatment of ordinary and non-contagious sickness; but a central hospital for groups of two or more neighbouring places shall be provided for the treatment of serious and contagious cases.

179. The central hospital, consisting of one or more buildings, shall be separated from the labourers' houses; and shall be well raised, ventilated, lighted, properly fitted with doors, windows or jhamps, and in all respects suitable for the accommodation of the sick.

180. The hospital accommodation shall be sufficient for five patients under any circumstances; and for not less than 5 per cent. of the total number of labourers where large bodies are employed at the rate of 100 superficial feet for each patient. Also such furniture, fittings, appliances, clothing, blankets, and staff of attendants shall be provided as the Inspector may consider necessary.

181. In every place where labourers' lines are erected, proper accommodation for a dispensary or dispenser's room, and a supply of medical stores in quantities not less than those prescribed in Schedule F, shall be provided.

All children born at the place of labour shall be vaccinated within a year of their birth; and all imported labourers and their dependents, who have not been previously vaccinated or protected in any other way, shall also be vaccinated, the necessary lymph being supplied to the medical officer on indent by the Civil Surgeon of the district at the commencement of each vaccination season, or as soon after as possible.

184. Every case of communicable disease shall be isolated; and in the event of an epidemic breaking out, the employer shall provide sufficient hospital accommodation of a temporary nature.

185. Excreta from the sick, especially from cholera patients, shall be buried without delay and with special care; and on no account in or even near the trenches used by healthy labourers, but in a separate place selected for the purpose at some distance from everything likely to be contaminated.

186. On the occurrence of disease believed to be communicable, such as small-pox, cholera, &c., the place shall be thoroughly cleaned and disinfected; the walls and floors shall be scraped, mud-plastered, or white-washed, and the house shall not be re-occupied for at least a week. All infected or suspected clothing shall be thoroughly disinfected or burnt in some safe and suitable spot in the presence of the medical officer, or some other trustworthy person.

187. The bodies of persons who die of communicable disease shall be buried or burnt without delay, and a proper burial or burning ground shall be selected, if possible, about a mile from the labourers' dwellings and their water-supply, the bodies being thoroughly burnt, or buried at least four feet deep.

188. Every Inspector of Labourers shall keep up the registers in the prescribed forms 1 to 7.

189. If any employer fail punctually to pay the capitation fees prescribed by section 109 on the date fixed by the said section, the Inspector of Labourers shall at once issue to the employer concerned a notice of the arrears due in the prescribed form No. 8.

190. Every place in a district where imported labourers are employed shall be visited by the Inspector of Labourers at least once every year, and after each visit an inspection report, in form No. 9, shall be submitted by him to the district officer concerned.

CHAPTER VI.

Employers of Labour.

191. Every employer of imported labourers, whether they be under the Act or not, shall keep up the Registers A to H in the prescribed forms 1 to 8.

192. Returns in the prescribed forms 9 to 17 shall be punctually furnished by employers of labourers to the officers concerned.

193. The information required to be entered in the way-bills of batches of emigrants arriving at the place of labour shall be supplied by every employer of labourers immediately on receipt of the way-bills, which shall thereafter be forwarded to the Magistrate of the district or sub-division, as the case may be, for information and disposal.

3. The examination shall be conducted by the Examiners in Law, and shall be held under the superintendence of the person or persons appointed for that purpose.

4. The examination of candidates for Plederships shall be held in Calcutta; the examination for Mookhtears shall be held at Calcutta, Patna, Dacca, Cuttack, Gowhaty, and Sylhet.

5. The examination for Pleaders shall be conducted in English, and for Mookhtears in English or in the Vernacular of the district, at the option of the candidate, as declared in his application for admission to the examination.

6. The examination shall be in part by written questions, the answers to which shall be in writing, and in part *visd voce*. But the Examiners in Law, with the sanction of the Lieutenant-Governor, shall have power to dispense with the *visd voce* examination in the vernacular if it seems advisable to do so.

7. The Examiners shall prepare the written questions, of which there shall be not less than four papers for the Pleaders' and two for the Mookhtears' examinations respectively.

8. Each paper shall consist of not less than twelve questions, and shall have a full value of 160 marks.

9. The full number of marks for the *visd voce* examination, in which candidates shall be asked at least five questions, shall be 50.

10. The questions shall be so framed as to test the knowledge of the candidates in the subjects mentioned in the rules passed by the High Court for the qualification, admission, and enrolment of Pleaders and Mookhtears in Mofussil Courts, and they shall be so prepared that a candidate may be able to pass by studying the regulations, enactments, and text-books therein specified.

11. The number of marks to which each candidate shall be entitled for his answers to the written or oral questions shall be determined by the Examiners in Law.

12. To be entitled to pass, candidates must obtain not less than the marks specified below:—

• 50 per cent. in each branch; and

66 per cent. on the aggregate number of marks for the whole examination.

13. No candidate will be allowed to enter the examination room with any books, private memoranda, or paper of any description, and any one detected doing so will forfeit all fees paid by him, and will not be permitted to undergo examination. Any candidate detected in the act of using unfair means, such as communicating with one another or copying from his neighbours or from private memoranda or books, &c., will be summarily ejected from the examination-room, and will forfeit all benefit to be derived from the previous portion of the examination, and all right to proceed further with it, together with all fees paid by him.

14. When the examination shall have been concluded, the Examiners in Law shall submit the names of those candidates who have passed, together with a report of their proceedings, to Government.

15. The names of the successful candidates shall be published in the *Calcutta Gazette*, and certificates to be granted by the Examiners in Law under the signatures of the President and Secretary, shall be forwarded for distribution to the successful candidates by the Judges of their respective districts.

[Second Publication.]
NOTIFICATION.

The 29th August 1884.—It is hereby notified for general information that the Lieutenant-Governor proposes to make the following Port and Pilot rules for the Port of Chittagong should no valid objection to them be taken within one month from this date.

The Port of Chittagong, and the navigable river and channels leading thereto, having, with the sanction of the Governor-General of India in Council, been declared subject to the provisions of Act XXII of 1855, have become subject to Act XI of 1875 (the Indian Ports Act) in accordance with the provisions of section 3 of the latter Act.

The limits of the said Port of Chittagong are as follow:—

To the north-east,—a line drawn across the river Karnafuolee from the boundary pillar at the mouth of the Chaktai null to the boundary pillar on the opposite bank of the said river.

To the south,—a line drawn from Jooldia flagstaff to Patunga beacon.

These limits include so much of the river Karnafuolee and the shores thereof as lie within fifty yards of high-water mark at ordinary spring tides.

The limits of the navigable river and channels leading to the said Port of Chittagong are as follow:—

To the north-east,—the Port of Chittagong as above defined.

To the south,—a line drawn west from Norman's Point light-house.

To the north,—the port as defined above, and from Patunga beacon a line drawn due west seaward.

To the west,—a line drawn parallel to a line between Patunga beacon and Norman's Point light at a distance of four miles.

To the east,—the south bank of the Karnafuolee river between Jooldia and Norman's Point light-house.

All parts of the river Karnafuolee between the said limits and below high-water mark at ordinary spring tides are subject to the said Act.

Port dues shall be levied at the following rates once in 60 days in the Port of Chittagong:—

Balam boats of 10 tons and upwards, 1 anna for every ton of burthen.

All other sea-going vessels of 10 tons and upwards 4½ annas for every ton of burthen.

Port Rules.

The following Port Rules are hereby promulgated for general information and guidance:—

Rule I.—Within 24 hours after arrival within the limits of the port, the master should report to the Port Officer the arrival of his vessel, which shall be put into moorings or shall take up such berth as may be appointed by the Port Officer, from which she shall not be removed (except in case of emergency) without the sanction of the said officer. Every vessel shall change her berth when required by the Port Officer to do so.

Rule II.—Every vessel lying within the limits of the port shall be moored and shall keep a clear hawse.

Rule III.—Unless moored head and stern, no vessel within the port, or in the navigable channel leading thereto, shall lie close to the shore, or shall in any way obstruct the passage of boats inshore.

Rule IV.—Every vessel in moorings shall use her hower chain for her stern moorings, or such other chain that may be approved of by the Port Officer, who, in case of approaching bad weather, may have the same changed or doubled at his discretion.

Rule V.—Every vessel within the port shall rig in her jib and driver booms, and, if required to do so, take in all boats hanging at the davit as soon as she has moored, and shall so retain them, unless otherwise authorized by the Port Officer.

Rule VI.—Every vessel entering the port between the 15th day of May and 15th day of November shall send down her top-gallant yards, and have mast ropes rove ready to send down her top-gallant masts at short notice on receiving instructions from the Port Officer.

Rule VII.—No ballast shall be discharged from shipboard, or landed from boats, or taken from the shore or river banks within the port and its approaches without the previous sanction of the Port Officer, who may appoint ballast guards to supervise the work.

Rule VIII.—Vessels of less than 12 feet draught, proceeding up or down the river, are prohibited from anchoring in the fairway.

Rule IX.—All vessels anchored in the stream within the port and its approaches shall exhibit between sunset and sunrise, where it can be best seen, but at a height not exceeding 20 feet above the hull of the vessel, a white light in a globular lantern of eight inches in diameter, and so constructed as to show a clear, uniform and unbroken light, visible all round the horizon, at a distance of one mile. Vessels under weigh at night shall show the lights prescribed by the Board of Trade Regulations.

Rule X.—All ballasts, cargo-boats, bhurs, and hudgegrows, when under weigh after dark within the port, shall carry a white light in a lantern in the forepart of the vessel, where it can be distinctly seen.

Rule XI.—Except in cases of emergency, no vessel shall be moored, or unmoored, and no hawsers and warps shall be left out between sunset and daybreak.

Rule XII.—Vessels fouling buoys, tide-gauges, or any other plant of the port, shall report the same to the Port Officer in writing without delay, stating the time and manner of occurrence. Violation of this rule will render the master of the vessel liable to a penalty not exceeding Rs. 100.

Rule XIII.—Every vessel of a draught of 12 feet and under shall anchor on the shoal side of the river, or, off town, from below the pier on the south side of the river, and from Goshaldanga to Domacolly on the eastern side of the river, and below Domacolly to Gooptacolly on the northern side of the river, and keep in a line so as not to obstruct the navigation of the river in any way. Vessels will also keep on board a crew not less than the following scale according to their tonnage set forth below, viz:—

	Sec.
Vessels of 100 tons and under	3
" of 100 to 199 tons	4
" of 200 " 299 "	5
" of 300 " 499 "	6
" of 500 " 699 "	7
" of 700 and upwards	10

Rule XIV.—Vessels shall not anchor in fairway off the bar, or on the bar, and any vessel so anchoring shall be liable to a fine not exceeding Rs. 100 for every day or portion of a day on which she may remain in the fairway or on the bar.

Rule XV.—No vessel dropping up or down the river shall anchor in the fairway unless she be of heavy draught or of great length. Any vessel on the move or waiting the next tide shall sheer out of the channel and anchor as far out of the fairway as she can do without risk.

Rule XVI.—Vessels occupying moorings or using the heave-up boat will be subject to the undermentioned charges :—

	Rs.
Occupying moorings, per diem ...	6
Occupying swinging buoys ...	3
For mooring at or unmooring from the fixed fore-and-aft moorings with the use of heave-up boat on each occasion ...	16
Harbour Master's fee for mooring or unmooring a vessel on Sundays and holidays ...	10
Use of heave-up boat for assisting a vessel, per diem ...	32
Running out anchors for vessels on shore, or going on the hard, to clear bottom on each occasion ...	32
Use of Government hawser, per diem ...	10
Shifting a vessel's berth for the convenience of the owners ...	16
Vessels occupying the jetty head for loading or discharging cargo other than salt, per diem ...	20
Vessels occupying the jetty head for loading or discharging salt, per thousand maunds ...	10
Salvage on anchors and cables, per cwt. ...	3-8

Rule XVII.—No person, unless authorized by the Port Officer, shall creep or sweep within the port for anchors, cables, or other stores lost, or supposed to be lost, therein.

Rule XVIII.—Any sampan, cargo-boat, or other vessel going alongside an arriving steam-vessel before she is anchored, shall be liable to a penalty not exceeding Rs. 100.

Rule XIX.—The Port Officer, or any one deputed by him, shall not be interfered with in the execution of his duty.

Rule XX.—No vessel shall use any of the moorings, whether fixed or swinging, without permission of the Port Officer.

Rule XXI.—All applications to be hauled into, or cast off from, the moorings, or for any other assistance, shall be made either personally or by letter to the Port Officer. Applications will, as far as possible, be complied with in order according to date of receipt.

Rule XXII.—Storm signals will be only used within the limits of the Port of Chittagong to give notice to the shipping and general public of the early approach of a severe cyclone with its attendant storm-wave. The following are the storm signals which will be used within the limits of the port. They will be hoisted on the flagstaff yard-arm at Sudder ghat and on the Joodia flagstaff yard-arm on receipt of instructions from the Meteorological office.

A ball indicates that a severe cyclone, of which the centre is in the neighbourhood of Akyab, will probably advance towards Chittagong.

1. Day warning signal.

A drum indicates that a severe cyclone with its attendant storm-wave is approaching Chittagong.

2. Day danger signal.

Three lights in a vertical plain indicate that a severe cyclone, of which the centre is in the neighbourhood of Akyab, will probably advance towards Chittagong.

3. Night warning signal.

Two lights in a vertical line indicate the early approach of a severe cyclonic storm and its attendant storm-wave to the Port of Chittagong.

Night danger signal.

Rule XXIII.—Vessels lying in the stream or at the moorings shall at all times have at least one anchor at the bow, with a cable bent and ranged ready to let go. Vessels with no spare hawse pipe for cables shall have a good hawser bent ready for letting go.

Rule XXIV.—Every ship or vessel within the port shall remove any anchor or spar, or other object projecting from her side, when ordered to do so.

Rule XXV.—No person shall smoke or use naked lights of any description in the hold or between-decks of any vessel lying in the port. Closed lanterns, secured by lock and key, and in charge of an officer of the vessel, shall alone be taken between-decks or into the hold.

Rule XXVI.—Fires shall be permitted only in galleys or fire-places regularly constructed for the purpose; such fires to be kept light only between daybreak and 9 p.m. Fires for cooking shall not be allowed on board of vessels in dock.

Rule XXVII.—With a view to the extinction of fires, all vessels in port shall be provided with three buckets for every hundred tons of registered measurement up to 600 tons, and two additional buckets for every 100 tons above 600; provided that the total number of buckets shall not be required to exceed 50 in any vessel. One-half of such buckets shall be left constantly hung up on the quarter-deck or other convenient place.

Rule XXVIII.—When fire has broken out in any vessel, the officers in charge of all vessels in neighbouring moorings or anchorage shall furl their awnings, get their force-pumps ready for use, and prepare for slipping their cables and chains, seeing specially that the pins of the shackles can be immediately knocked out.

Rule XXIX.—No vessel shall lie at single anchor in the port unless a pilot or assistant harbour master is on board; and a fee of Rs. 10 per diem will be charged for his services.

Rule XXX.—All vessels about to leave the port shall hoist the Blue-Peter at the fore at least twenty-four hours before leaving the moorings, and shall keep it hoisted until the pilot takes charge of the vessel to take her to sea.

Rule XXXI.—No vessel shall steam, sail, or be towed up on the flood or down on the ebb within port limits except with the permission of the Port Officer.

Rule XXXII.—River steamers and tug steamers having no vessels in tow are permitted to move up on the flood, or down on the ebb, at their own risk and at a speed sufficient to keep the vessels under command; but, in no case shall the speed exceed four miles an hour through the water.

Rule XXXIII.—For the use of the Government Launch Fire-engine, a charge of Rs. 50 will be made for every twelve hours and part thereof.

Rules for Pilots in the Port of Chittagong.

I.—Pilots in charge of inward-bound vessels are directed to hoist the vessel's number, and, if salt laden or from dutiable ports, are to have the cargo hoisted at the main-mast head for the information of the Customs Inspector, Jaldia.

II.—A pilot on taking charge of an inward-bound vessel shall, immediately on boarding her, hoist his distinguishing number, and hand over to the master of the vessel the following papers:—(1) Port Rules, (2) Pilotage Rules, (3) Medical Inspection Rules, (4) Customs Regulations. If any case of cholera, small-pox, or other epidemic disease common in India is on board he shall at once report the fact to the Port Officer stating the number of cases, and shall await orders before taking up any anchorage in the harbour.

III.—A pilot detained on board at Jaldia will, in the event of the captain refusing to take steam, report the matter to the Port Officer and await orders.

IV.—The pilot shall not give over charge of his vessel in the river unless she has been moored or he has been relieved by a harbour master or other officer authorised to take charge.

V.—Pilots on arrival off town shall state the time of arrival, the vessel's name, the place where she has been left, and, if moored, with how much chain each way. This information is to be entered in a book kept at the Port Office for that purpose.

VI.—Every pilot shall on arrival report to the Port Officer the number of pilots on the station, and also any alterations he may have observed in the river on his way up.

VII.—No pilot shall take charge of an outward-bound vessel without an order signed by the Port Officer, or proceed unless the vessel has obtained her customs clearance. If the vessel is to take steam, he should not break ground without satisfying himself that the tug is engaged to take the vessel to sea, or to remain by her till the vessel is outside the Outer Bar.

VIII.—The pilot shall ascertain that the vessel has two serviceable bower anchors, and if she has not a sheet or spare anchor fit for a bower over her side, that she has one in such a position on deck that it can easily be brought into use in case of necessity. * Also that a kedge with line ready bent be on deck and ready for immediate use.

IX.—If a pilot appointed to take a vessel to sea during neaps considers her draught too much, and that it would involve a risk and responsibility which he is unwilling to take, he should at once communicate the fact to the master and report to the Port Officer, for orders, fully explaining his grounds of objection.

X.—If after a pilot joins a vessel he finds that she is of larger draught than she was reported to be, or that she takes in any cargo that alters her draught, he will at once report the matter to the Port Officer and await orders.

XI.—Pilots are on no account to cross the bar between sunset and sunrise, on pain of dismissal, without the permission of the Port Officer in writing, the cost of lighting the buoys being defrayed by the ship concerned.

XII.—A pilot shall not relinquish charge of a vessel unless on account of sickness or other unavoidable necessity. If he is in any way impeded in the performance of his duty, he should report the circumstances to the Port Officer, and, if necessary, anchor the vessel.

XIII.—Pilots shall attend the Port Office daily, and shall not leave town without permission from Port Officer being previously obtained.

XIV.—Until further orders, pilots shall be guided by the following rules as to the draughts

of vessels to be moved either up or down, in or out:—

- (a)—They may move a vessel in or out without steam at a draught of 18 feet, and with steam to any reasonable draught.
- (b)—Vessels of 275 feet length and upwards shall not be brought up above Moiscally without permission from Port Officer, to whom her length and draught must be reported in writing.

XV.—No pilot on his way up or down the river, and not employed on any special duty, shall pass a vessel having a pilot signal flying without boarding her and ascertaining why she is without a pilot, and if required shall take charge of her, and take her on her way and stop by her until she can be left in safety.

XVI.—Masters are requested to report when there appears to have been any unnecessary delay in getting the pilot on board.

XVII.—If a vessel loses an anchor or anchors, the pilot shall immediately submit a report to the Port Office. The report should be attested by the master of the vessel, and to enable the Port Officer's Department to identify the lost articles, it shall indicate accurately the following particulars:—

- (1) Locality of the loss.
- (2) Bearings of known objects.
- (3) Description, weight, and distinctive marks of anchors.
- (4) Description and quantity of cable.

XVIII.—Should a vessel ground, collide with any vessel or buoy, or meet with any casualty while under weigh or at anchor, the pilot shall, on the first opportunity, forward to the Port Officer a report in writing of the occurrence, containing the following particular:—

- (a) Locality of the accident.
- (b) Bearings of any known object in view.
- (c) The vessel's draught of water.
- (d) The time of tide.
- (e) Hour of the day the accident occurred.
- (f) Manœuvre the pilot was executing or attempting to execute.
- (g) The damage, if any, sustained.
- (h) The time the vessel was on shore.
- (i) Quantity of water made by the vessel.

XIX.—Pilots, before leaving a vessel, shall obtain a certificate from the master as to how he has performed his duty, and present the same to the Port Officer on arrival.

XX.—Pilots, whilst in town, should daily inspect carefully the channel and the river-book kept at the Port Office.

XXI.—If the pilot considers himself aggrieved by any conduct on the part of the master of a vessel, he shall transmit his complaint in writing to the Port Officer for his consideration and orders.

XXII.—Masters or agents are requested to give at least 24 hours' previous notice when a pilot is required to shift or take a vessel to sea or for any other purpose, to enable the Port Officer to send for pilots from the mouth of the river, if required.

XXIII.—The cutter with pilots shall cruise in the day backwards and forwards from the Outer Bar buoys to off the mouth of the Sangoo river, during the south-west monsoon, weather permitting, and shall remain day and night on her station, viz. three miles outside the Bar buoys during the north-east monsoon. The senior pilot on board will be held responsible should any complaint be made owing to delay being incurred in getting, or putting on, or taking a pilot out from a vessel.

XXIV.—The sanctioned pilotage charge is as follows:—

Draught in feet.	8	9	10	11	12	13	14	15	16
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
In or out	30	38	42	50	60	70	80	95	110

Draught in feet.	17	18	19	20	21	22	23
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
In or out	125	140	160	180	205	230	260

When the draught exceeds by more than six inches any depth here provided for, the next foot of draught shall be charged for.

For every foot, or part of a foot, exceeding six inches above 23 feet, an additional sum of Rs. 32 will be charged. Three-fourth rates will be charged for steamers and vessels towed by steam.

XXV.—In every case in which the services of a port pilot are not used, and the vessel is piloted by a person specially licensed to pilot in the Chittagong river, half the sanctioned charge for pilotage shall be paid.

XXVI.—All persons specially licensed to pilot in the Chittagong river shall be subject to the control of the Port Officer in regard to their pilotage work.

A. P. MacDONNELL,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 9th September 1884.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for widening Garden Reach Road, it is hereby declared that for the above purpose a strip of land is required, with a breadth of 40 feet, extending along the south-eastern side of that road from Hastings Bridge to the junction of Garden Reach Road and Watgunge Road, and measuring, more or less, 4 bighas.

This declaration is made under the provisions of section 6 of Act X of 1870 in all whom it may concern, and it supersedes the previous notification dated the 12th August last.

NOTIFICATION.

The 26th August 1884.—In continuation of the rules published in the notification of the 22nd December 1883, the Lieutenant-Governor is pleased to make the following rules, under section 143 of Act I of 1882 (the Inland Emigration Act), to provide for house accommodation, food, water-supply, sanitary arrangements, hospital accommodation, and medical treatment at places of labour in Chittagong and the Chittagong Hill Tracts:—

CHAPTER V.

Places of labour.

171. Each labourer and dependent shall be entitled to not less than 50 superficial feet of house accommodation; and each family shall be entitled to separate house accommodation on the above scale. Sufficient garden ground shall, if possible, be attached to each house.

172. Every house shall be kept weather-tight and sufficiently lighted and ventilated; and where iron roofs are constructed, some non-conducting material shall be used to line such roofs.

173. Raised platforms or cots for sleeping shall be provided in the labourers' houses.

174. The site occupied by labourers' houses, and the places in its neighbourhood, shall be drained and kept clean and free from rank vegetation. No hollows shall be allowed to exist for the accumulation of filthy water or of anything likely to prove injurious to health.

175. Every employer shall provide wholesome drinking water, and a sufficient supply of good water for other purposes, for his labourers, either by sinking wells, digging tanks, or in such other manner as may appear to the Inspector of Labourers to be suitable to the circumstances of the case, care being taken that the source of drinking water shall be situated at a sufficient distance from any known cause of pollution.

176. When the supply of rice in the local market is insufficient, or the price exceeds Rs. 3 per maund, the employer shall supply, or cause to be supplied, to the labourers a sufficiency of rice at a rate not exceeding Rs. 3 per maund. Ten chittacks of rice a day for each person above 10 years of age; and five for every child under that age, shall be considered a sufficient supply.

177. To every place employing more than 50 labourers a medical officer shall be appointed, who has passed the examination qualifying for the rank of hospital assistant, or of some superior grade; and such medical officer shall reside within five miles of the place where the labourers live.

178. In any place where less than 100 labourers are employed, a portion of the labourers' lives, subject to the approval of the Inspector of Labourers, may be utilized as a hospital for the treatment of ordinary and non-contagious sickness; but a central hospital for groups of two or more neighbouring places shall be provided for the treatment of serious and contagious cases.

179. The central hospital, consisting of one or more buildings, shall be separated from the labourers' houses; and shall be well raised, ventilated, lighted, properly fitted with doors, windows or jhamps, and in all respects suitable for the accommodation of the sick.

180. The hospital accommodation shall be sufficient for five patients under any circumstances; and for not less than 5 per cent. of the total number of labourers where large bodies are employed at the rate of 100 superficial feet for each patient. Also such furniture, fittings, appliances, clothing, blankets, and staff of attendants shall be provided as the Inspector may consider necessary.

181. In every place where labourers' lines are erected, proper accommodation for a dispensary or dispenser's room, and a supply of medical stores in quantities not less than those prescribed in Schedule F, shall be provided.

(SCHEDULE F.)

NOTICE TO MARINERS.—(No. 47.)

INDIA—WEST COAST.

PORTUGUESE TERRITORY.

MORMUGAO HARBOUR.

Directions for approaching Mormugao Bay.

The Chief Engineer and Agent of the West of India Portuguese Railway Company has given notice that, owing to the extension of the rubble mound for the break-water buoy, in future the leading line into Mormugao Bay will be the Mormugao rock buoy in line with the North cliff of Secretarios Island.

Also that after October 1884 the red conical buoy placed 100 feet ahead of the rubble mound will be the same size as that laid over the Mormugao rock at the entrance to the harbour.

By direction of the Government of Bengal,

ARTHUR W. SMITH, *Captain, R.N.*

Port Officer of Calcutta.

Port Office, Calcutta, the 19th August 1884.

NOTIFICATION.

Dated Darjeeling, the 21st August 1884.

[Regulations made by His Honor the Lieutenant-Governor of Bengal, pursuant to the provisions of section 37, Act XVIII of 1879, for conducting the examination of candidates for Pleadership and Mookhtearship in the Mofussil Courts subordinate to the High Court of Judicature at Fort William in Bengal.]

1. In order to the ascertainment of the qualifications of candidates for admission as Pleaders and Mookhtears in the Mofussil Courts subordinate to the High Court of Judicature at Fort William in Bengal, the Lieutenant-Governor of Bengal will from time to time appoint Examiners in Law, who shall have a President and a Secretary.

2. The examination of candidates shall be held on such dates, within the month of February or March in each year, as shall be appointed and duly notified by the Examiner in Law.

3. The examination shall be conducted by the Examiners in Law, and shall be held under the superintendence of the person or persons appointed for that purpose.

4. The examination of candidates for Pleaderships shall be held in Calcutta; the examination for Mookhtears shall be held at Calcutta, Patna, Dacca, Cuttack, Gowahatty, and Sylhet.

5. The examination for Pleaders shall be conducted in English, and for Mookhtears in English or in the Vernacular of the district, at the option of the candidate, as declared in his application for admission to the examination.

6. The examination shall be in part by written questions, the answers to which shall be in writing, and in part *visd voce*. But the Examiners in Law, with the sanction of the Lieutenant-Governor, shall have power to dispense with the *visd voce* examination in the vernacular if it seems advisable to do so.

7. The Examiners shall prepare the written questions, of which there shall be not less than four papers for the Pleaders' and two for the Mookhtears' examinations respectively.

8. Each paper shall consist of not less than twelve questions, and shall bear a full value of 160 marks.

9. The full number of marks for the *visd voce* examination, in which candidates shall be asked at least five questions, shall be 50.

10. The questions shall be so framed as to test the knowledge of the candidates in the subjects mentioned in the rules passed by the High Court for the qualification, admission, and enrolment of Pleaders and Mookhtears in Mofussil Courts, and they shall be so prepared that a candidate may be able to pass by studying the regulations, enactments, and text-books therein specified.

11. The number of marks to which each candidate shall be entitled for his answers to the written or oral questions shall be determined by the Examiners in Law.

12. To be entitled to pass, candidates must obtain not less than the marks specified below:—

50 per cent. in each branch; and

66 per cent. on the aggregate number of marks for the whole examination.

13. No candidate will be allowed to enter the examination room with any books, private memoranda, or paper of any description, and any one detected doing so will forfeit all fees paid by him, and will not be permitted to undergo examination. Any candidate detected in the act of using unfair means, such as communicating with one another or copying from his neighbours or from private memoranda or books, &c., will be summarily ejected from the examination-room, and will forfeit all benefit to be derived from the previous portion of the examination, and all right to proceed further with it, together with all fees paid by him.

14. When the examination shall have been concluded, the Examiners in Law shall submit the names of those candidates who have passed, together with a report of their proceedings, to Government.

15. The names of the successful candidates shall be published in the *Calcutta Gazette* and certificates, to be granted by the Examiners in Law under the signatures of the President and Secretary, shall be forwarded for distribution to the successful candidates by the Judges of their respective districts.

IRRIGATION.

The 9th September 1884.

No. 336.—*Notification.*—It is hereby notified for public information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections XI and XII of Act V (B.C.) of 1864 (The Canals Act), to pass the rules, of which a draft is published below, for the purpose of carrying out the provisions of the said Act in regard to the Eastern Canal Route and the Outer Boat Routes as defined in this Department's Notification No. 301 of the 12th August 1884.

1. Whenever mooring posts may have been put up by the Supervisor, vessels shall be made fast by the head and stern along the banks to such posts, and shall not be moored in any other manner.
2. The Supervisor may by notification prohibit vessels of any particular dimensions from passing through any particular line of navigation, and also prohibit the dropping of anchors or the putting up of bamboos or luggies in any part of the canals or banks.
3. As the water falls, the head and stern ropes of moored vessels must be loosened and the vessels gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually pulled in, and the vessels kept as close to the bank as possible.
4. Vessels whilst loading or unloading in the canals will be allowed to use ladders, but the ladders must be gradually taken in as the water rises.
5. Only one vessel shall be allowed to make fast along and in line with the canal's banks, and no vessel shall be made fast, or be placed outside of vessels so secured. No vessel shall be placed in such a position as to endanger the safety of other vessels, or obstruct the passage of other vessels.
6. Vessels passing through the canals shall keep in separate lines: empty vessels keeping close to the bank, and those that are laden in the centre.
7. In portions of the canals where only one towing path exists, vessels shall moor on the off side, and the towing-path side shall always be kept clear. The towing-path side shall be used by vessels going against the tide, and by no others.
8. In order to avoid collision and confusion, vessels waiting for a favourable tide at the junction of two or more rivers shall be moored at a distance of not less than 1,000 feet from the point of junction.
9. No person shall place obstructions on the canal banks or towing-paths, so as to impede a free passage along them, or cause injury to them, or shall commit a nuisance, or deposit filth of any sort on the banks or in the canals, nor do any act to cause injury to the canal works.
10. Every person either personally, or by his servant, infringing any of the above rules, numbered from 1 to 8, shall be liable under section XI of the Canal's Act to a fine not exceeding Rs. 50 for any one infringement; or to a fine not exceeding five rupees a day for any continued infringement.
11. At the instance of the Supervisor of Navigation, any Magistrate who imposes a fine under section XI or XVI of the Act may award any portion of such fine to the informer.
12. Any person who wilfully or negligently allows a vessel to sink in the canals shall be liable to a fine not exceeding Rs. 50.
13. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates will give every assistance in removing the same.
14. A notice shall be affixed on such wreck, when recovered, calling on those concerned to pay to the Supervisor any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within 15 days of the date of notice, the boat and its contents, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section IX of the Act.
15. Every Canal Officer is authorized to remove any vessel, anchor, pole, or other thing which he may find in a position which is in contravention of these rules, and deal with it in such a manner as may be necessary to give effect to the rules.
16. Whenever any laden vessel is seized by a Canal Officer, it shall be the duty of the Supervisor to give immediate notice of the same to the owner, or his agent, and to require the removal of the cargo without delay; intimating at the same time that the owner will be required to pay all expenses necessary for the proper custody and storage of the same.
17. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel seized under the Canal's Act, he shall notify the seizure by advertisement in his office and in one or more of the Calcutta newspapers or advertisement papers. Such notices shall call upon the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.
18. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Canal's Act, and if the cargo be not removed within 10 days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving 15 days' notice of the same by advertisement in one or more of the Calcutta newspapers, or advertisement papers, and affixed in his office.
19. The money realized at such a sale shall be applied, first, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold, and the balance, if any, shall be held in deposit to be paid to the owner of the said cargo on his applying for the same.
20. The Canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them; but in the event of any sudden emergency, the Canals may be closed at any time without prior notice, and no claims shall be made in such case by owners of vessels or others for compensation on account of detention.

21. By the term Canal Officer in the foregoing rules is meant all officers of the Engineer or Upper Subordinate establishments of the Public Works Department employed on the Eastern Canal or Outer Boat Routes.

The proposed rules will supersede the rules now in force for the Navigable Channels from Kantecollah to Khoosla, passed by Notification No. 281, dated the 15th August 1865, and published at page 1349 of the *Calcutta Gazette* dated 16th August 1865.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

MUNICIPAL DEPARTMENT—MEDICAL.

Darjeeling, the 9th September 1884.

RESOLUTION.

RETIREMENT OF Dr. A. J. PAYNE FROM THE OFFICE OF SURGEON-GENERAL OF BENGAL.

Dr. PAYNE's term of office as Surgeon-General expires this day, and his official connection with the Government of Bengal is thus brought to a close. During the period of 28 years, over which this connection has extended, Dr. Payne has rendered public services of the most exceptional and distinguished character. Nearly every department of the Administration in which medical officers are employed has had the advantage of his sound judgment and his rare capacity for organization and control. In 1858, he established a system of medical management and of embarkation arrangements in connection with the Mauritius Emigration Depot, which was adopted in all Colonial Emigration Agencies. From 1860 till 1882 he was Superintendent of Lunatic Asylums of the Presidency, and in this capacity he introduced important reforms

in asylum management, and brought these institutions to a high degree of efficiency, while largely reducing their cost to the public funds. The European asylum, which had previously cost more than a lakh of rupees per annum, was made almost self-supporting. In the Native asylums Dr. Payne introduced the industrial system, which was afterwards adopted throughout the Province. In 1870, he was selected to organize the medical working of the Contagious Diseases Act, and he discharged this difficult duty with success for 10 years. He twice officiated as Inspector-General of Jails. In 1871, as Sanitary Commissioner—a post which he held in addition to his other duties,—he rendered excellent service in connection with the Burdwan epidemic of fever. In 1874, he organized the system of State Emigration to Burmah. In 1876, he became Health Officer of Calcutta, and it was during his incumbency, and at his instance, that the first real steps were taken towards the improvement of the sanitary condition of the Town. In addition to these varied labours, Dr. Payne has been a member of every important Medical Committee at the Presidency for over 20 years. He served on several Emigration Committees. He was Secretary to the Cinchona Alkaloid Commission in 1868. He served on the Committee on the Medical College Hospital in 1876, on the Committee on the Campbell Hospital in 1877, on the Committee on Lunatic Asylums in the same year, and on the General Committee on Medical Expenditure in 1878. It was in view of this long career of usefulness and labour, and of Dr. Payne's reputation and experience, that Sir Ashley Eden in 1879 asked the Government of India to appoint him to be Surgeon-General in succession to Dr. Irving. In a letter dated 19th February 1879, Sir Ashley Eden made the following remarks:—

“The Government of India are aware that Dr. Payne enjoys a very high reputation as a physician, while his administrative powers have been repeatedly recognized and utilized by successive Lieutenant-Governors. Whenever, during many years, any difficult question requiring special examination has arisen, Dr. Payne has always been invited to join in the task, and he has cheerfully given most valuable assistance. In the general reform of the medical administration to which Sir Ashley Eden has devoted special attention, he has been chiefly guided by the knowledge, experience and sound judgment of Dr. Payne, and to him, more than to any other officer under the Government, it is due that, with improved administration, lakhs of rupees have been saved, and are still to be saved, from the Medical Budget of Bengal. Dr. Payne is a member of the Medical Committee. He was also a member of a Special Committee recently nominated to consider the number of lunatic asylums actually required in the province, under whose recommendations the Lieutenant-Governor has been able to direct the final closing of two asylums. In fact, in every department of medical administration his experience is unrivalled.”

Dr. Payne accepted this office at a considerable pecuniary sacrifice, and in the discharge of its duties he has placed the Government under great obligations. All branches of the medical department—the Calcutta Hospitals, the Medical Schools, the Lunatic Asylums, the Charitable Dispensaries, and the Canning House for Nurses—have felt the impress of his vigorous administration and the salutary effects of his determined hostility to inefficiency and extravagance. Mr. Rivers Thompson desires to place prominently upon record the recognition of the Government of Bengal of the services which Dr. Payne has rendered to the Province during the past 28 years.

By order of the Lieutenant-Governor of Bengal,

COLMAN MACAULAY,

Secretary to the Government of Bengal.

In supersession of the Notification, dated the 15th May 1878, published at page 474 Part I of the *Calcutta Gazette* of the 22nd May 1878, the Lieutenant-Governor of Bengal is pleased to promulgate the following amended regulations concerning the supply, within the territories under the Lieutenant-Governor of Bengal, of lime or lemon-juice or other, antiscorbutics for the use of ships in accordance with the provisions of section 6 of the Merchant Shipping Act of 1867 :—

1. No lime or lemon-juice shall be deemed fit and proper to be taken on board any ship for the use of the crew or passengers thereof, unless the same is shown by certificate under the hand of an Inspector, appointed by the local Government, to be proper for use on board such ship, such certificate to be given upon inspection of a sample, but no such certificate to be given until it be shown to the satisfaction of such Inspector that the juice contains not less than 25 grains of citric acid to the fluid ounce; nor unless the same contains 15 per centum of proper and palatable proof spirits (except in the cases mentioned in Rule 2 below) to be approved by such Inspector, or by the proper officer of Customs, and to be added before or immediately after the inspection thereof; nor unless the same is packed in such bottles, at such time, and in such manner, and is labelled in such manner, as the Inspector or the Collector of Customs may direct, provided that when any such lime or lemon-juice is deposited in any bonded warehouse, and has been approved, as aforesaid, by the said Inspector, the said spirits, or so much of the said spirits as is necessary to make up 15 per centum, may be added in such warehouse, without payment of any duty thereon; and when any spirit has been added to any lime or lemon-juice, and the same has been labelled as aforesaid, it shall be deposited in the warehouse for delivery as ship's stores, only upon such terms and subject to such provisions of the Customs Act as are applicable to the delivery of ship's stores from a bonded warehouse.

2. In the case of foreign-going ships carrying Asiatics, non-alcoholic lime juice, i.e., lime-juice preserved without spirit, prepared by Baboo Preoololl Dey, of No. 5, Beadon Street, Calcutta, may be deemed to be fit and proper; provided that the non-alcoholic juice shall not be deemed to be fit and proper to be taken on board any ship for the use of the Asiatic members of the crew or passengers thereof, unless the same is shown, by certificate under the hand of an Inspector appointed by the local Government, to be proper for use on board such ship, such certificate to be given upon inspection of a sample, but no such certificate to be given until it be shown to the satisfaction of such Inspector that the juice contains not less than 25 grains of citric acid to the fluid ounce; nor unless the same is packed in such bottles, at such time, and in such manner, and is labelled in such manner as the Inspector or the Collector of Customs may direct.

3. In the event of a master of a ship being desirous of landing lime-juice in store for the purpose of being rectified or rendered fit for the use of the crew or passengers on board such vessel, he shall enter the same at the Custom House, to be landed for rectification, under the usual form of engagement, to be re-shipped after such lime or lemon-juice shall have been properly certified and rectified to by the Inspector, under the same rules and regulations as in the case of lime or lemon-juice shipped direct from a warehouse.

4. When any lime-juice has been taken from a warehouse as ship's stores, the label shall remain intact until twenty-four hours at least after the ship shall have left her port of departure on her foreign voyage.

NOTIFICATION.

The 12th September 1884.—It is hereby notified for general information that rule 26 of the Code of Regulations for European Schools in Bengal, 1884-85, provides that a special grant, to be fixed by the department, may be made to boarding-schools in aid of the boarding charges of children residing in places where there is no school of a standard suited to their requirements, provided that the Magistrate of the district certifies, after enquiry, that the parents or guardians of such children are too poor to pay the full boarding charges. The amount of this grant shall not exceed Rs. 5 a month on account of each such boarder.

Note.—No grant shall be made under this Article on account of scholars reading beyond standard VII.

The grants paid under this Article must be considered as a part of the fees of the scholars, and must be deducted from the fees paid by them. When this Article comes into operation, the capitation grants now given to some boarding establishments will be withdrawn.

NOTIFICATION.

The 29th August 1884.—It is hereby notified for general information that the Lieutenant-Governor proposes to make the following Port and Pilot rules for the Port of Chittagong should no valid objection to them be taken within one month from this date.

The Port of Chittagong, and the navigable river and channels leading thereto, having, with the sanction of the Governor-General of India in Council, been declared subject to the provisions of Act XXII of 1855, have become subject to Act XII of 1875 (the Indian Ports Act) in accordance with the provisions of section 3 of the latter Act.

The limits of the said Port of Chittagong are as follow:—

To the north-east,—a line drawn across the river Karnafulee from the boundary pillar at the mouth of the Chaktai nulla to the boundary pillar on the opposite bank of the said river.

To the south,—a line drawn from Jooldia flagstaff to Patunga beacon.

These limits include so much of the river Karnafulee and the shores thereof as lie within fifty yards of high-water mark at ordinary spring tides.

The limits of the navigable river and channels leading to the said Port of Chittagong are as follow:—

To the north-east,—the Port of Chittagong as above defined.

To the south,—a line drawn west from Norman's Point light-house.

To the north,—the port as defined above, and from Patunga beacon a line drawn due west seaward.

To the west,—a line drawn parallel to a line between Patunga beacon and Norman's Point light at a distance of four miles.

To the east,—the south bank of the Karnafulee river between Jooldia and Norman's Point light-house.

All parts of the river Karnafulee between the said limits and below high-water mark at ordinary spring tides are subject to the said Act.

Port dues shall be levied at the following rates once in 60 days in the Port of Chittagong:—

Balam boats of 10 tons and upwards, 1 anna for every ton of burthen.

All other sea-going vessels of 10 tons and upwards 4½ annas for every ton of burthen.

Port Rules.

The following Port Rules are hereby promulgated for general information and guidance:—

Rule I.—Within 24 hours after arrival within the limits of the port, the master should report to the Port Officer the arrival of his vessel, which shall be put into moorings or shall take up such berth as may be appointed by the Port Officer, from which she shall not be removed (except in case of emergency) without the sanction of the said officer. Every vessel shall change her berth when required by the Port Officer to do so.

Rule II.—Every vessel lying within the limits of the port shall be moored and shall keep a clear hawse.

Rule III.—Unless moored head and stern, no vessel within the port, or in the navigable channel leading thereto, shall lie close to the shore, or shall in any way obstruct the passage of boats inshore.

Rule IV.—Every vessel in moorings shall use her bower chain for her stern moorings, or such other chain that may be approved of by the Port Officer, who, in case of approaching bad weather, may have the same changed or doubled at his discretion.

Rule V.—Every vessel within the port shall rig in her jib and driver booms, and, if required to do so, take in all boats hanging at the davit as soon as she has moored, and shall so retain them, unless otherwise authorized by the Port Officer.

Rule VI.—Every vessel entering the port between the 15th day of May and 15th day of November shall send down her top-gallant yards, and have mast ropes rove ready to send down her top-gallant masts at short notice on receiving instructions from the Port Officer.

Rule VII.—No ballast shall be discharged from shipboard, or landed from boats, or taken from the shore or river banks within the port and its approaches without the previous sanction of the Port Officer, who may appoint ballast guards to supervise the work.

Rule VIII.—Vessels of less than 12 feet draught, proceeding up or down the river, are prohibited from anchoring in the fairway.

Rule IX.—All vessels anchored in the stream within the port and its approaches shall exhibit between sunset and sunrise, where it can be best seen, but at a height not exceeding 20 feet above the hull of the vessel, a white light in a globular lantern of eight inches in diameter, and so constructed as to show a clear, uniform and unbroken light, visible all round the horizon, at a distance of one mile. Vessels under weigh at night shall show the lights prescribed by the Board of Trade Regulations.

Rule X.—All ballams, cargo-boats, bums, and budgerows, when under weigh after dark within the port, shall carry a white light in a lantern in the forepart of the vessel, where it can be distinctly seen.

Rule XI.—Except in cases of emergency, no vessel shall be moored, or unmoored, and no hawsers and warps shall be left out between sunset and daybreak.

Rule XII.—Vessels fouling buoys, tide-gauges, or any other plant of the port, shall report the same to the Port Officer in writing without delay, stating the time and manner of occurrence. Violation of this rule will render the master of the vessel liable to a penalty not exceeding Rs. 100.

Rule XIII.—Every vessel of a draught of 12 feet and under shall anchor on the shoal side of the river, or, off town, from below the pier on the south side of the river, and from Goshaldanga to Domacolly on the eastern side of the river, and below Domacolly to Gooptacolly on the northern side of the river, and keep in a line so as not to obstruct the navigation of the river in any way. Vessels will also keep on board a crew not less than the following scale according to their tonnage set forth below, viz:—

Vessels of 100 tons and under	Men
of 100 to 199 tons	3
of 200 „ 299 „	4
of 300 „ 499 „	5
of 500 „ 699 „	6
of 700 and upwards	7

Rule XIV.—Vessels shall not anchor in fairway off the bar, or on the bar, and any vessel so anchoring shall be liable to a fine not exceeding Rs. 100 for every day or portion of a day on which she may remain in the fairway or on the bar.

Rule XV.—No vessel dropping up or down the river shall anchor in the fairway unless she be of heavy draught or of great length. Any vessel on the move or waiting the next tide shall sheer out of the channel and anchor as far out of the fairway as she can do without risk.

Rule XVI.—Vessels occupying moorings or using the heave-up boat will be subject to the undermentioned charges:—

	Rs.
Occupying moorings, per diem ...	6
Occupying swinging buoys ...	3
For mooring at or unmooring from the fixed fore-and-aft moorings with the use of heave-up boat on each occasion ...	16
Harbour Master's fee for mooring or unmooring a vessel on Sundays and holidays ...	10
Use of heave-up boat for assisting a vessel, per diem ...	32
Running out anchors for vessels on shore, or going on the hard, to clear bottom on each occasion ...	32
Use of Government hawser, per diem ...	10
Shifting a vessel's berth for the convenience of the owners ...	16
Vessels occupying the jetty head for loading or discharging cargo other than salt, per diem ...	20
Vessels occupying the jetty head for loading or discharging salt, per thousand maunds ...	10
Salvage on anchors and cables, per cwt. ...	3.8

Rule XVII.—No person, unless authorized by the Port Officer, shall creep or sweep within the port for anchors, cables, or other stores lost, or supposed to be lost, therein.

Rule XVIII.—Any sampan, cargo-boat, or other vessel going alongside an arriving steam-vessel before she is anchored, shall be liable to a penalty not exceeding Rs. 100.

Port Officer or any one deputed by him not to be interfered with.

of his duty.

Rule XX.—No vessel shall use any of the moorings, whether fixed or swinging, without permission of the Port Officer.

Rule XXI.—All applications to be hauled into, or cast off from, the moorings, or for any other assistance, shall be made either personally or by letter to the Port Officer. Applications will, as far as possible, be complied with in order according to date of receipt.

Rule XXII.—Storm signals will be only used within the limits of the Port of Chittagong to give notice to the shipping and general public of the early approach of a severe cyclone with its attendant storm-wave. The following are the storm signals which will be used within the limits of the port. They will be hoisted on the flagstaff yard-arm at Sudder ghât and on the Joodia flagstaff yard-arm on receipt of instructions from the Meteorological office.

A ball indicates that a severe cyclone, of which the centre is in the neighbourhood of Akyab, will probably advance towards Chittagong.

1. Day warning signal.

A drum indicates that a severe cyclone with its attendant storm-wave is approaching Chittagong.

2. Day danger signal.

Three lights in a vertical plain indicate that a severe cyclone, of which the centre is in the neighbourhood of Akyab, will probably advance towards Chittagong.

3. Night warning signal.

Two lights in a vertical line indicate the early approach of a severe cyclonic storm and its attendant storm-wave to the Port of Chittagong.

4. Night danger signal.

Rule XXIII.—Vessels lying in the stream or at the moorings shall at all times have at least one anchor at the bow, with a cable bent and ranged ready to let go. Vessels with no spare hawse pipe for cables shall have a good hawser bent ready for letting go.

Rule XXIV.—Every ship or vessel within the port shall remove any anchor or spar, or other object projecting from her side, when ordered to do so.

Rule XXV.—No person shall smoke or use naked lights of any description in the hold or between-decks of any vessel lying in the port. Closed lanterns, secured by lock and key, and in charge of an officer of the vessel, shall alone be taken between-decks or into the hold.

Rule XXVI.—Fires shall be permitted only in galleys or fire-places regularly constructed for the purpose; such fires to be kept alight only between daybreak and 9 P.M. Fires for cooking shall not be allowed on board of vessels in dock.

Rule XXVII.—With a view to the extinction of fires, all vessels in port shall be provided with three buckets for every hundred tons of registered measurement up to 600 tons, and two additional buckets for every 100 tons above 600: provided that the total number of buckets shall not be required to exceed 50 in any vessel. One-half of such buckets shall be left constantly hung up on the quarter-deck or other convenient place.

Rule XXVIII.—When fire has broken out in any vessel, the officers in charge of all vessels in neighbouring moorings or anchorage shall furl their awnings, get their force-pumps ready for use, and prepare for slipping their cables and chains, seeing specially that the pins of the shackles can be immediately knocked out.

Rule XXIX.—No vessel shall lie at single anchor in the port unless a pilot or assistant harbour master is on board; and a fee of Rs. 10 per diem will be charged for his services.

Rule XXX.—All vessels about to leave the port shall hoist the Blue-Peter at the fore at least twenty-four hours before leaving the moorings, and shall keep it hoisted until the pilot takes charge of the vessel to take her to sea.

Rule XXXI.—No vessel shall steam, sail, or be towed up on the flood or down on the ebb within port limits except with the permission of the Port Officer.

Rule XXXII.—River steamers and tug steamers having no vessels in tow are permitted to move up on the flood, or down on the ebb, at their own risk and at a speed sufficient to keep the vessels under command; but in no case shall the speed exceed four miles an hour through the water.

Rule XXXIII.—For the use of the Government Launch Fire-engine, a charge of Rs. 60 will be made for every twelve hours and part thereof.

Rules for Pilots in the Port of Chittagong.

I.—Pilots in charge of inward-bound vessels are directed to hoist the vessel's number, and, if salt laden or from dutiable ports, are to have the ensign hoisted at the main-mast head for the information of the Customs Inspector, Jaldia.

II.—A pilot on taking charge of an inward-bound vessel shall, immediately on boarding her, hoist his distinguishing number, and hand over to the master of the vessel the following papers:—(1) Port Rules, (2) Pilotage Rules, (3) Medical Inspection Rules, (4) Customs Regulations. If any case of cholera, small-pox, or other epidemic disease common in India is on board he shall at once report the fact to the Port Officer stating the number of cases, and shall await orders before taking up any anchorage in the harbour.

III.—A pilot detained on board at Jaldia will, in the event of the captain refusing to take steam, report the matter to the Port Officer and await orders.

IV.—The pilot shall not give over charge of his vessel in the river unless she has been moored or he has been relieved by a harbour master or other officer authorised to take charge.

V.—Pilots on arrival off town shall state the time of arrival, the vessel's name, the place where she has been left, and, if moored, with how much chain each way. This information is to be entered in a book kept at the Port Office for that purpose.

VI.—Every pilot shall on arrival report to the Port Officer the number of pilots on the station, and also any alterations he may have observed in the river on his way up.

VII.—No pilot shall take charge of an outward-bound vessel without an order signed by the Port Officer, or proceed unless the vessel has obtained her customs clearance. If the vessel is to take steam, he should not break ground without satisfying himself that the tug is engaged to take the vessel to sea, or to remain by her till the vessel is outside the Outer Bar.

VIII.—The pilot shall ascertain that the vessel has two serviceable bower anchors, and if she has not a sheet or spare anchor fit for a bower over her side, that she has one in such a position on deck that it can easily be brought into use in case of necessity. Also that a kedgie with line ready bent be on deck and ready for immediate use.

IX.—If a pilot appointed to take a vessel to sea during neaps considers her draught too much, and that it would involve a risk and responsibility which he is unwilling to take, he should at once communicate the fact to the master and report to the Port Officer, for orders, fully explaining his grounds of objection.

X.—If after a pilot joins a vessel he finds that she is of larger draught than she was reported to be, or that she takes in any cargo that alters her draught, he will at once report the matter to the Port Officer and await orders.

XI.—Pilots are on no account to cross the bar between sunset and sunrise, on pain of dismissal, without the permission of the Port Officer in writing, the cost of lighting the buoys being defrayed by the ship concerned.

XII.—A pilot shall not relinquish charge of a vessel unless on account of sickness or other unavoidable necessity. If he is in any way impeded in the performance of his duty, he should report the circumstances to the Port Officer, and, if necessary, anchor the vessel.

XIII.—Pilots shall attend the Port Office daily, and shall not leave town without permission from Port Officer being previously obtained.

XIV.—Until further orders, pilots shall be guided by the following rules as to the draughts

of vessels to be moved either up or down, in or out:—

- (a)—They may move a vessel in or out without steam at a draught of 18 feet, and with steam to any reasonable draught.
 (b)—Vessels of 275 feet length and upwards shall not be brought up above Moiscally without permission from Port Officer, to whom her length and draught must be reported in writing.

XV.—No pilot on his way up or down the river, and not employed on any special duty, shall pass a vessel having a pilot signal flying without boarding her and ascertaining why she is without a pilot, and if required shall take charge of her, and take her on her way and stop by her until she can be left in safety.

XVI.—Masters are requested to report when there appears to have been any unnecessary delay in getting the pilot on board.

XVII.—If a vessel loses an anchor or anchors, the pilot shall immediately submit a report to the Port Office. The report should be attested by the master of the vessel, and to enable the Port Officer's Department to identify the lost articles, it shall indicate accurately the following particulars:—

- (1) Locality of the loss.
- (2) Bearings of known objects.
- (3) Description, weight, and distinctive marks of anchors.
- (4) Description and quantity of cable.

XVIII.—Should a vessel ground, collide with any vessel or buoy, or meet with any casualty while under weigh or at anchor, the pilot shall, on the first opportunity, forward to the Port Officer a report in writing of the occurrence, containing the following particular:—

- (a) Locality of the accident.
- (b) Bearings of any known object in view.
- (c) The vessel's draught of water.
- (d) The time of tide.
- (e) Hour of the day the accident occurred.
- (f) Manoeuvre the pilot was executing or attempting to execute.
- (g) The damage, if any, sustained.
- (h) The time the vessel was on shore.
- (i) Quantity of water made by the vessel.

XIX.—Pilots, before leaving a vessel, shall obtain a certificate from the master as to how he has performed his duty, and present the same to the Port Officer on arrival.

XX.—Pilots, whilst in town, should daily inspect carefully the channel and the river-bank kept at the Port Office.

XXI.—If the pilot considers himself aggrieved by any conduct on the part of the master of a vessel, he shall transmit his complaint in writing to the Port Officer for his consideration and orders.

XXII.—Masters or agents are requested to give at least 24 hours' previous notice when a pilot is required to shift or take a vessel to sea or for any other purpose, to enable the Port Officer to send for pilots from the mouth of the river, if required.

XXIII.—The cutter with pilots shall cruise in the day backwards and forwards from the Outer Bar buoys to off the mouth of the Sangoo river during the south-west monsoon, weather permitting, and shall remain day and night on her station, viz. three miles outside the Bar buoys during the north-east monsoon. The senior pilot on board will be held responsible should any complaint be made owing to delay being incurred in getting, or putting on, or taking a pilot out from a vessel.

XXIV.—The sanctioned pilotage charge is as follows:—

IRRIGATION.

The 9th September 1884.

No. 336.—Notification.—It is hereby notified for public information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections XI and XII of Act V (B.C.) of 1884 (The Canals Act), to pass the rules, of which a draft is published below, for the purpose of carrying out the provisions of the said Act in regard to the Eastern Canal Route and the Outer Boat Routes as defined in this Department's Notification No. 501 of the 12th August 1884.

1. Whenever mooring posts may have been put up by the Supervisor, vessels shall be made fast by the head and stern along the banks to such posts, and shall not be moored in any other manner.

2. The Supervisor may by notification prohibit vessels of any particular dimensions from passing through any particular line of navigation, and also prohibit the dropping of anchors or the putting up of bamboos or luggies in any part of the canals or banks.

3. As the water falls, the head and stern ropes of moored vessels must be loosened and the vessels gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually pulled in, and the vessels kept as close to the bank as possible.

4. Vessels whilst loading or unloading in the canals will be allowed to use ladders, but the ladders must be gradually taken in as the water rises.

5. Only one vessel shall be allowed to make fast along and in line with the canal's banks, and no vessel shall be made fast, or be placed outside of vessels so secured. No vessel shall be placed in such a position as to endanger the safety of other vessels, or obstruct the passage of other vessels.

6. Vessels passing through the canals shall keep in separate lines: empty vessels keeping close to the bank, and those that are laden in the centre.

7. In portions of the canals where only one towing path exists, vessels shall moor on the off side, and the towing-path side shall always be kept clear. The towing-path side shall be used by vessels going against the tide, and by no others.

8. In order to avoid collision and confusion, vessels waiting for a favourable tide at the junction of two or more rivers shall be moored at a distance of not less than 1,000 feet from the point of junction.

9. No person shall place obstructions on the canal banks or towing-paths, so as to impede a free passage along them, or cause injury to them, or shall commit a nuisance, or deposit filth of any sort on the banks or in the canals, nor do any act to cause injury to the canal works.

10. Every person either personally, or by his servant, infringing any of the above rules, numbered from 1 to 8, shall be liable under section XI of the Canal's Act to a fine not exceeding Rs. 50 for any one infringement; or to a fine not exceeding five rupees a day for any continued infringement.

11. At the instance of the Supervisor of Navigation, any Magistrate who imposes a fine under section XI or XVI of the Act may award any portion of such fine to the informer.

12. Any person who wilfully or negligently allows a vessel to sink in the canals shall be liable to a fine not exceeding Rs. 50.

13. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates will give every assistance in removing the same.

14. A notice shall be affixed on such wreck, when recovered, calling on those concerned to pay to the Supervisor any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within 15 days of the date of notice, the boat and its contents, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section IX of the Act.

15. Every Canal Officer is authorized to remove any vessel, anchor, pole, or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

16. Whenever any laden vessel is seized by a Canal Officer, it shall be the duty of the Supervisor to give immediate notice of the same to the owner, or his agent, and to require the removal of the cargo without delay; intimating at the same time that the owner will be required to pay all expenses necessary for the proper custody and storage of the same.

17. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel seized under the Canal's Act, he shall notify the seizure by advertisement in his office and in one or more of the Calcutta newspapers or advertisement papers. Such notices shall call upon the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

18. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Canal's Act, and if the cargo be not removed within 10 days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving 15 days' notice of the same by advertisement in one or more of the Calcutta newspapers, or advertisement papers, and affixed in his office.

19. The money realized at such a sale shall be applied, first, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold, and the balance, if any, shall be held in deposit to be paid to the owner of the said cargo on his applying for the same.

20. The Canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them; but in the event of any sudden emergency, the Canals may be closed at any time without prior notice, and no claims shall be made in such case by owners of vessels or others for compensation on account of detention.

21. By the term Canal Officer in the foregoing rules is meant all officers of the Engineer or Upper Subordinate establishments of the Public Works Department employed on the Eastern Canal or Outer Hoat Routes.

The proposed rules will supersede the rules now in force for the Navigable Channels from Kanteetollah to Khoosna, passed by Notification No. 231, dated the 15th August 1865, and published at page 1319 of the *Calcutta Gazette* dated 16th August 1865.

QUARANTINE REGULATIONS* FOR PILGRIMS TO BE OBSERVED IN
THE RED SEA IN 1884.

No. 87, dated London, the 19th June 1884.

From—Secretary of State for India,

To—His Excellency the Most Hon'ble the Governor-General of India in Council.

MY LORD MARQUIS,—I forward herewith a copy of a letter from the Foreign Office, and enclosures, relative to the Quarantine Regulations for pilgrims to be observed in the Red Sea in 1884. Three extra copies of the "Règlement" are enclosed, one of which should be transmitted to the Government of Bombay.

2. It will be observed that the special steam service between Camaran and Jeddah is to be discontinued.

No. 1017—84-R. S. & C., dated 22nd May 1884.

From—EDMOND FITZMAURICE, Esq., Under-Secretary of State for Foreign Affairs,

To—The Under-Secretary of State for India.

I AM directed by the Secretary of State for Foreign Affairs to transmit to you, to be laid before the Secretary of State for India in Council, a copy of a despatch from Her Majesty's Ambassador at Constantinople, with its enclosure from Dr. Dickson, accompanying a copy of a Report by the Constantinople Board of Health on the Camaran Lazaret, and of the Quarantine Regulations for pilgrim arrivals in the Red Sea.

A copy of the above Regulations has also been forwarded to the Colonial Office.

Lord Dufferin's No. 90 Commis-
sion.

No. 20, dated Constantinople, 8th May 1884

From—The EARL OF DORSET, Her Britannic Majesty's Ambassador at Constantinople,

To—The Secretary of State for Foreign Affairs.

I HAVE the honour to transmit to Your Lordship a despatch addressed to me by Dr. Dickson, No. 36, May 1884, enclosing copies of the report drawn up by the International Board of Health at Constantinople on the Camaran Lazaret and of the Regulations for the quarantine

to be applied this year to pilgrim arrivals in the Red Sea.

In compliance with Dr. Dickson's suggestion, I have forwarded copies of the regulations to Her Majesty's Consuls at Alexandria, Port Said, Suez, Jeddah, and Bussorah.

I have likewise the honour to enclose herewith extra copies of the Regulations in question in the event of Your Lordship deeming it necessary to forward them to the Governments of Aden, India, Burma, and the Straits Settlements, as also suggested by Dr. Dickson.

Règlement spécial applicable au Pèlerinage du Hédjaz de 1884.

ART. 1^{er}.—A partir du commencement du mois de Redjeb jusqu'à la fin du mois de Zilhidjé (soit du 27 Avril jusqu'au 20 Octobre) le lazaret de Camaran est en fonction pour recevoir les provenances maritimes sujettes à quarantaine.

ART. 2.—Durant la période des six mois précitées (Redjeb, Chaban, Remazan, Chewal, Zilcadé, Zilhidjé) les navires à pèlerins provenant d'au-delà le détroit de Bab-el-Mandeb, quelle que soit la teneur de leur patente de santé, devront se rendre directement à l'île de Camaran, sans faire escale dans aucun autre port du littoral de la Mer Rouge.

ART. 3.—Sont navires à pèlerins, ceux expressément affrétés pour faire le transport des pèlerins se rendant à la Mecque.

ART. 4.—Ne sont pas compris dans la classe des navires à pèlerins les navires à destination de la Mer Rouge qui n'auront à bord qu'un pèlerin pour chaque 100 tonneaux de registre, ainsi que les paquebots ou navires de passage par la Mer Rouge se rendant dans la Méditerranée et dont le nombre des pèlerins embarqués serait strictement limité à un chiffre qui ne dépasserait pas cinq pèlerins pour chaque 100 tonneaux de registre.

ART. 5.—Les navires des deux catégories désignées dans l'article précédent ne sont pas tenus d'aller à Camaran. Ils devront se rendre à Abou-Saad où ils déposeront leurs pèlerins ainsi que les marchandises sujettes à quarantaine et à destination du Hédjaz ou de l'Yémen.

ART. 6.—Il est créé à cet effet à Abou-Saad un lazaret, à titre de succursale de celui de Camaran, et qui affecté aux provenances désignées dans les articles 4 et 5 du présent Règlement, fonctionnera toute l'année.

ART. 7.—Feront, en outre, quarantaine à Abou-Saad les arrivages des ports Egyptiens et les sambouks et autres caboteurs naviguant d'un port à l'autre du littoral de la Mer Rouge, sujets à la contumace.

ART. 8.—A l'arrivée d'un navire à pèlerins en rade de Camaran, de même qu'à l'île d'Abou-Saad, selon les cas, tous les pèlerins seront mis à terre et y subiront la visite médicale réglementaire. Si les conditions du navire sont bonnes et sans accidents suspects pendant le voyage le navire et les pèlerins subiront une quarantaine de cinq jours pleins, les hardes et les effets seront désinfectés, les navires seront lavés et purifiés, mais la cargaison ne sera ni débarquée, ni purifiée, ni taxée.

ART. 9.—Les navires de provenances brute de choléra, mais qui n'ont pas eu d'accidents cholériques pendant le voyage ou après l'arrivée font, navires et pèlerins, une quarantaine de dix jours.

Les marchandises provenant des lieux contaminés de choléra restent, s'il n'y a pas eu des cas de cette maladie pendant la traversée ou après l'arrivée, à bord du navire et sont exemptes de purification et des taxes sanitaires. Toutefois, il est fait exception pour les vieux effets à usage et les étoffes ayant servi; les laines non-lavées; les vieux cotons, les crins et les plumes; les peaux non manufacturées et autres débris d'animaux à l'état brut, ainsi que les drilles et chiffons.

ART. 10.—Les navires qui ont eu des accidents cholériques ou suspects de cette maladie, en cours de voyage ou après leur arrivée seront assujettis, navires et pèlerins, à une quarantaine dont la durée minimum est de 15 jours. Cette quarantaine sera renouvelée chaque fois que des accidents cholériques se manifesteraient de nouveau parmi l'équipage ou les passagers, après leur arrivée au lazaret, et elle datera du jour du dernier cas de la maladie.

Dans ces cas, toutes les dispositions contenues dans le Règlement de 1867 pour le choléra leur sont strictement applicables.

ART. 11.—Aucun navire à pèlerins ne pourra quitter Camaran définitivement sans avoir repris à son bord, après, que la quarantaine sera achevée, tous les pèlerins qu'il y aurait amenés. Toutefois, les navires qui auraient complété le terme de leur quarantaine, sans accidents cholériques ou suspects parmi le personnel du bord, auront droit à la libre pratique.

ART. 12.—Les sambouks provenant d'au-delà le cap Bab-el-Mandeb avec des pèlerins sont en tous points assimilés aux navires faisant ce commerce spécial. Ils devront se rendre directement au mouillage de Camaran et seront reponés de tout autre port du littoral Arabique de la Mer Rouge.

Par exception, les navires arrivant de Bassora avec pèlerins à bord à destination du Hedjaz, devront également se diriger sur Camaran. Il sera procédé à leur égard selon la teneur de la patente de santé, d'après le règlement général.

Lu au Conseil Supérieur de Santé et adapté dans la séance du 25 Avril 1884.

No. 86, dated Constantinople, 6th May 1884.

From—E. D. DICKSON, Esq.,

To—His Excellency the Right Hon'ble the EARL OF DUFFERIN, K.P.

I HAVE the honour of forwarding to Your Excellency herewith three printed copies of the report drawn up by a sub-committee, in which I took part, named by the Board of Health to organize a lazaret at Camaran, and to draw up regulations for the quarantine which will be applied this year to the Mecca pilgrims on their arrival in the Red Sea. I have, moreover, enclosed herewith 12 separate copies of these regulations, which I respectfully suggest should be distributed to Her Majesty's Consuls residing at Alexandria, Port Said, Suez, Jeddah, and Bussorah, and to the Governments of Aden, India, Burma, and the Straits Settlements.

When framing these rules I called the attention of my colleagues to the reiterated complaints of the Indian pilgrims against Camaran, and to Captain Moncrieff's remarks on Camaran and the pilgrim traffic, and Your Excellency will perceive that my suggestions have been attended to, and the evils complained of avoided as much as possible. *The rules, however, apply only to vessels laden with pilgrims, and not to the ordinary traffic with India, which remains still subject to the "Règlement applicable aux Provenances de Cholera" of 1867.*

NOTIFICATION.

IN supersession of the Notification, dated the 15th May 1878, published at page 474 Part I of the *Calcutta Gazette* of the 22nd May 1878, the Lieutenant-Governor of Bengal is pleased to promulgate the following amended regulations concerning the supply, within the territories under the Lieutenant-Governor of Bengal, of lime or lemon-juice or other, antiscorbutics for the use of ships in accordance with the provisions of section 6 of the Merchant Shipping Act of 1867 :—

1. No lime or lemon-juice shall be deemed fit and proper to be taken on board any ship for the use of the crew or passengers thereof, unless the same is shown by certificate under the hand of an Inspector, appointed by the local Government, to be proper for use on board such ship, such Certificate to be given upon inspection of a sample, but no such certificate to be given until it be shown to the satisfaction of such Inspector that the juice contains not less than 25 grains of citric acid to the fluid ounce; nor unless the same contains ■ per centum of proper and palatable proof spirits (except in the cases mentioned in Rule 2 below) to be approved by such Inspector, or by the proper officer of Customs, and to be added before or immediately after the inspection thereof; nor unless the same is packed in such bottles, at such time, and in such manner, and is labelled in such manner, as the Inspector or the Collector of Customs may direct, provided that when any such lime or lemon-juice is deposited in any bonded warehouse, and has been approved, as aforesaid, by the said Inspector, the said spirits, or so much of the said spirits as is necessary to make up 15 per centum, may be added in such warehouse, without payment of any duty thereon; and when any spirit has been added to any lime or lemon-juice, and the same has been labelled as aforesaid, it shall be deposited in the warehouse for delivery as ship's stores, only upon such terms and subject to such provisions of the Customs Act as are applicable to the delivery of ship's stores from a bonded warehouse.

2. In the case of foreign-going ships carrying Asiatics, non-alcoholic lime juice, *i.e.*, lime-juice preserved without spirit, prepared by Baboo Preololl Dey, of No. 5, Beadon Street, Calcutta, may be deemed to be fit and proper; provided that the non-alcoholic juice shall not be deemed to be fit and proper to be taken on board any ship for the use of the Asiatic members of the crew or passengers thereof, unless the same is shown, by certificate under the hand of an Inspector appointed by the local Government, to be proper for use on board such ship, such certificate to be given upon inspection of a sample, but no such certificate to be given until it be shown to the satisfaction of such Inspector that the juice contains not less than 25 grains of citric acid to the fluid ounce; nor unless the same is packed in such bottles, at such time, and in such manner, and is labelled in such manner as the Inspector or the Collector of Customs may direct.

3. In the event of a master of a ship being desirous of landing lime-juice in store for the purpose of being rectified or rendered fit for the use of the crew or passengers on board such vessel, he shall enter the same at the Custom House, to be landed for rectification, under the usual form of engagement, to be re-shipped after such lime or lemon-juice shall have been properly certified and rectified to by the Inspector, under the same rules and regulations as in the case of lime or lemon-juice shipped direct from a warehouse.

4. When any lime-juice has been taken from a warehouse as ship's stores, the label shall remain intact until twenty-four hours at least after the ship shall have left her port of departure on her foreign voyage.

NOTIFICATION.

The 29th August 1884.—It is hereby notified for general information that the Lieutenant-Governor proposes to make the following Port and Pilot rules for the Port of Chittagong should no valid objection to them be taken within one month from this date.

The Port of Chittagong, and the navigable river and channels leading thereto, having, with the sanction of the Governor-General of India in Council, been declared subject to the provisions of Act XXII of 1855, have become subject to Act XII of 1875 (the Indian Ports Act) in accordance with the provisions of section 3 of the latter Act.

The limits of the said Port of Chittagong are as follow:—

To the north-east,—a line drawn across the river Karnafulee from the boundary pillar at the mouth of the Chaktai nulla to the boundary pillar on the opposite bank of the said river.

To the south,—a line drawn from Jooldia flagstaff to Patunga beacon.

These limits include so much of the river Karnafulee and the shores thereof as lie within fifty yards of high-water mark at ordinary spring tides.

The limits of the navigable river and channels leading to the said Port of Chittagong are as follow:—

To the north-east,—the Port of Chittagong as above defined.

To the south,—a line drawn west from Norman's Point light-house.

To the north,—the port as defined above, and from Patunga beacon a line drawn due west seaward.

To the west,—a line drawn parallel to a line between Patunga beacon and Norman's Point light at a distance of four miles.

To the east,—the south bank of the Karnafulee river between Jooldia and Norman's Point light-house.

All parts of the river Karnafulee between the said limits and below high-water mark at ordinary spring tides are subject to the said Act.

Port dues shall be levied at the following rates once in 60 days in the Port of Chittagong:—

Belam boats of 10 tons and upwards, 1 anna for every ton of burthen.

All other sea-going vessels of 10 tons and upwards 4½ annas for every ton of burthen.

Port Rules.

The following Port Rules are hereby promulgated for general information and guidance:—

Rule I.—Within 24 hours after arrival within the limits of the port, the master should report to the Port Officer the arrival of his vessel, which shall be put into moorings or shall take up anch berth as may be appointed by the Port Officer, from which she shall not be removed (except in case of emergency) without the sanction of the said officer. Every vessel shall change her berth when required by the Port Officer to do so.

Rule II.—Every vessel lying within the limits of the port shall be moored and shall keep a clear bow.

Rule III.—Unless moored head and stern, no vessel within the port or in the navigable channel leading thereto, shall lie close to the shore, or shall in any way obstruct the passage of boats.

Rule IV.—Every vessel in moorings shall use her bower chain for her stern moorings, or such other chain that may be approved of by the Port Officer, who, in case of approaching bad weather, may have the same changed or doubled at his discretion.

Rule V.—Every vessel within the port shall rig in her jib and driver booms, and, if required to do so, take in all boats hanging at the davit as soon as she has moored, and shall so retain them, unless otherwise authorized by the Port Officer.

Rule VI.—Every vessel entering the port between the 15th day of May and 15th day of November shall send down her top-gallant yards, and have mast ropes rove ready to send down her top-gallant masts at short notice on receiving instructions from the Port Officer.

Rule VII.—No ballast shall be discharged from shipboard, or landed from boats, or taken from the shore or river banks within the port and its approaches without the previous sanction of the Port Officer, who may appoint ballast guards to supervise the work.

Rule VIII.—Vessels of less than 12 feet draught, proceeding up or down the river, are prohibited from anchoring in the fairway.

Rule IX.—All vessels anchored in the stream within the port and its approaches shall exhibit between sunset and sunrise, where it can be best seen, but at a height not exceeding 20 feet above the hull of the vessel, a white light in a globular lantern of eight inches in diameter, and so constructed as to show a clear, uniform and unbroken light, visible all round the horizon, at a distance of one mile. Vessels under weigh at night shall show the lights prescribed by the Board of Trade Regulations.

Rule X.—All ballams, cargo-boats, bhurs, and budgerows, when under weigh after dark within the port, shall carry a white light in a lantern in the forepart of the vessel, where it can be distinctly seen.

Rule XI.—Except in cases of emergency, no vessel shall be moored, or unmoored, and no hawsers and warps shall be left out between sunset and daybreak.

Rule XII.—Vessels fouling buoys, tide-gauges, or any other plant of the port, shall report the same to the Port Officer in writing without delay, stating the time and manner of occurrence. Violation of this rule will render the master of the vessel liable to a penalty not exceeding Rs. 100.

Rule XIII.—Every vessel of a draught of 12 feet and under shall anchor on the shoal side of the river, or, off town, from below the pier on the south side of the river, and from Goshaldanga to Domacolly on the eastern side of the river, and below Domacolly to Gooptacolly on the northern side of the river, and keep in a line so as not to obstruct the navigation of the river in any way. Vessels will also keep on board a crew not less than the following scale according to their tonnage set forth below, viz.—

	Men.
Vessels of 100 tons and under	3
" of 100 to 199 tons	4
" of 200 " 299 "	5
" of 300 " 499 "	6
" of 500 " 699 "	7
" of 700 and upwards	10

Rule XIV.—Vessels shall not anchor in fairway off the bar, or on the bar, and any vessel so anchoring shall be liable to a fine not exceeding Rs. 100 for every day or portion of a day on which she may remain in the fairway or on the bar.

Rule XV.—No vessel dropping up or down the river shall anchor in the fairway unless she be of heavy draught or of great length. Any vessel on the move or waiting the next tide shall sheer out of the channel and anchor as far out of the fairway as she can do without risk.

Rule XVI.—Vessels occupying moorings or using the heave-up boat will be subject to the undermentioned charges :—

	Rs.
Occupying moorings, per diem ...	6
Occupying swinging buoys ...	3
For mooring at or unmooring from the fixed fore-and-aft moorings with the use of heave-up boat on each occasion ...	16
Harbour Master's fee for mooring or unmooring a vessel on Sundays and holidays ...	10
Use of heave-up boat for assisting a vessel, per diem ...	32
Banning out anchors for vessels on shore, or going on the hard, to clear bottom on each occasion ...	32
Use of Government hawser, per diem ...	10
Shifting a vessel's berth for the convenience of the owners ...	16
Vessels occupying the jetty head for loading or discharging cargo other than salt, per diem ...	20
Vessels occupying the jotty head for loading or discharging salt, per thousand maunds ...	10
Salvage on anchors and cables, per cwt. ...	3-8

Rule XVII.—No person, unless authorized by the Port Officer, shall creep or sweep within the port for anchors, cables, or other stores lost, or supposed to be lost, therein.

Rule XVIII.—Any sampan, cargo-boat, or other vessel going alongside an arriving steam-vessel before she is anchored, shall be liable to a penalty not exceeding Rs. 100.

Rule XIX.—The Port Officer, or any one deputed by him, shall not be interfered with in the execution of his duty.

Rule XX.—No vessel shall use any of the moorings, whether fixed or swinging, without permission of the Port Officer.

Rule XXI.—All applications to be hauled into, or cast off from, the moorings, or for any other assistance, shall be made either personally or by letter to the Port Officer. Applications will, as far as possible, be complied with in order according to date of receipt.

Rule XXII.—Storm signals will be only used within the limits of the Port of Chittagong to give notice to the shipping and general public of the early approach of a severe cyclone with its attendant storm-wave. The following are the storm signals which will be used within the limits of the port. They will be hoisted on the flagstaff, yard-arm at Sudder ghat and on the Joodia flagstaff yard-arm on receipt of instructions from the Meteorological office.

A *ball* indicates that a severe cyclone, of which the centre is in the neighbourhood of Akyab, will probably advance towards Chittagong.

1. Day warning signal.

A drum indicates that a severe cyclone with its attendant storm-wave is approaching Chittagong.

2. Day danger signal.

Three lights in a vertical plain indicate that a severe cyclone, of which the centre is in the neighbourhood of Akyab, will probably advance towards Chittagong.

3. Night warning signal.

Two lights in a vertical line indicate the early approach of a severe cyclonic storm and its attendant storm-wave to the Port of Chittagong.

4. Night danger signal.

Rule XXIII.—Vessels lying in the stream or at the moorings shall at all times have at least one anchor at the bow, with a cable bent and ranged ready to let go. Vessels with no spare hawse pipe for cables shall have a good hawser bent ready for letting go.

Rule XXIV.—Every ship or vessel within the port shall remove any anchor or spar, or other object projecting from her side when ordered to do so.

Rule XXV.—No person shall smoke or use naked lights of any description in the hold or between-decks of any vessel lying in the port. Closed lanterns, secured by lock and key, and in charge of an officer of the vessel, shall alone be taken between-decks or into the hold.

Rule XXVI.—Fires shall be permitted only in galleys or fire-places regularly constructed for the purpose; such fires to be kept light only between daybreak and 9 p.m. Fires for cooking shall not be allowed on board of vessels in dock.

Rule XXVII.—With a view to the extinction of fires, all vessels in port shall be provided with three buckets for every hundred tons of registered measurement up to 600 tons, and two additional buckets for every 100 tons above 600: provided that the total number of buckets shall not be required to exceed 50 in any vessel. One-half of such buckets shall be left constantly hung up on the quarter-deck or other convenient place.

Rule XXVIII.—When fire has broken out in any vessel, the officers in charge of all vessels in neighbouring moorings or anchorage shall furl their awnings, get their force-pumps ready for use, and prepare for slipping their cables and chains, seeing specially that the pins of the shackles can be immediately knocked out.

Rule XXIX.—No vessel shall lie at single anchor in the port unless a pilot or assistant harbour master is on board; and a fee of Rs. 10 per diem will be charged for his services.

Rule XXX.—All vessels about to leave the port shall hoist the Blue-Peter at the fore at least twenty-four hours before leaving the moorings, and shall keep it hoisted until the pilot takes charge of the vessel to take her to sea.

Rule XXXI.—No vessel shall steam, sail, or be towed up on the flood or down on the ebb within port limits except with the permission of the Port Officer.

Rule XXXII.—River steamers and tug steamers having no vessels in tow are permitted to move up on the flood, or down on the ebb, at their own risk and at a speed sufficient to keep the vessels under command; but in no case shall the speed exceed four miles an hour through the water.

Rule XXXIII.—For the use of the Government Launch Fire-engine, a charge of Rs. 50 will be made for every twelve hours and part thereof.

Rules for Pilots in the Port of Chittagong.

I.—Pilots in charge of inward-bound vessels are directed to hoist the vessel's number, and, if not laden or from dutiable ports, are to have the ensign hoisted at the main-mast head for the information of the Customs Inspector, Jaldia.

II.—A pilot on taking charge of an inward-bound vessel shall, immediately on boarding her, hoist his distinguishing number, and hand over to the master of the vessel the following papers:—(1) Port Rules, (2) Pilotage Rules, (3) Medical Inspection Rules, (4) Customs Regulations. If any case of cholera, small-pox, or other epidemic disease common in India is on board he shall at once report the fact to the Port Officer stating the number of cases, and shall await orders before taking up any anchorage in the harbour.

III.—A pilot detained on board at Jaldia will, in the event of the captain refusing to take steam, report the matter to the Port Officer and await orders.

IV.—The pilot shall not give over charge of his vessel in the river unless she has been moored or he has been relieved by a harbour master or other officer authorised to take charge.

V.—Pilots on arrival off town shall state the time of arrival, the vessel's name, the place where she has been left, and, if moored, with how much chain each way. This information is to be entered in a book kept at the Port Office for that purpose.

VI.—Every pilot shall on arrival report to the Port Officer the number of pilots on the station, and also any alterations he may have observed in the river on his way up.

VII.—No pilot shall take charge of an outward-bound vessel without an order signed by the Port Officer, or proceed unless the vessel has obtained her customs clearance. If the vessel is to take steam, he should not break ground without satisfying himself that the tug is engaged to take the vessel to sea, or to remain by her till the vessel is outside the Outer Bar.

VIII.—The pilot shall ascertain that the vessel has two serviceable bower anchors, and if she has not a sheet or spare anchor fit for a bower over her side, that she has one in such a position on deck that it can easily be brought into use in case of necessity. Also that a kedge with line ready bent be on deck and ready for immediate use.

IX.—If a pilot appointed to take a vessel to sea during neaps considers her draught too much, and that it would involve a risk and responsibility which he is unwilling to take, he should at once communicate the fact to the master and report to the Port Officer, for orders, fully explaining his grounds of objection.

X.—If after a pilot joins a vessel he finds that she is of larger draught than she was reported to be, or that she takes in any cargo that alters her draught, he will at once report the matter to the Port Officer and await orders.

XI.—Pilots are on no account to cross the bar between sunset and sunrise, on pain of dismissal, without the permission of the Port Officer in writing, the cost of lighting the buoys being defrayed by the ship concerned.

XII.—A pilot shall not relinquish charge of a vessel unless on account of sickness or other unavoidable necessity. If he is in any way impeded in the performance of his duty, he should report the circumstances to the Port Officer, and, if necessary, anchor the vessel.

XIII.—Pilots shall attend the Port Office daily, and shall not leave town without permission from Port Officer being previously obtained.

XIV.—Until further orders, pilots shall be guided by the following rules as to the draughts

of vessels to be moved either up or down, in or out:—

- (a)—They may move a vessel in or out without steam at a draught of 18 feet, and with steam to any reasonable draught.
(b)—Vessels of 275 feet length and upwards shall not be brought up above Moiscally without permission from Port Officer, to whom her length and draught must be reported in writing.

XV.—No pilot on his way up or down the river, and not employed on any special duty, shall pass a vessel having a pilot signal flying without boarding her and ascertaining why she is without a pilot, and if required shall take charge of her, and take her on her way and stop by her until she can be left in safety.

XVI.—Masters are requested to report when there appears to have been any unnecessary delay in getting the pilot on board.

XVII.—If a vessel loses an anchor or anchors, the pilot shall immediately submit a report to the Port Office. The report should be attested by the master of the vessel, and to enable the Port Officer's Department to identify the lost articles, it shall indicate accurately the following particulars:—

- (1) Locality of the loss.
- (2) Bearings of known objects.
- (3) Description, weight, and distinctive marks of anchors.
- (4) Description and quantity of cable.

XVIII.—Should a vessel ground, collide with any vessel or buoy, or meet with any casualty while under weigh or at anchor, the pilot shall, on the first opportunity, forward to the Port Officer a report in writing of the occurrence, containing the following particular:—

- (a) Locality of the accident.
- (b) Bearings of any known object in view.
- (c) The vessel's draught of water.
- (d) The time of tide.
- (e) Hour of the day the accident occurred.
- (f) Manoeuvre the pilot was executing or attempting to execute.
- (g) The damage, if any, sustained.
- (h) The time the vessel was on shore.
- (i) Quantity of water made by the vessel.

XIX.—Pilots, before leaving a vessel, shall obtain a certificate from the master as to how he has performed his duty, and present the same to the Port Officer on arrival.

XX.—Pilots, whilst in town, should daily inspect carefully the channel and the river-book kept at the Port Office.

XXI.—If the pilot considers himself aggrieved by any conduct on the part of the master of a vessel, he shall transmit his complaint in writing to the Port Officer for his consideration and orders.

XXII.—Masters or agents are requested to give at least 24 hours' previous notice when a pilot is required to shift or take a vessel to sea or for any other purpose, to enable the Port Officer to send for pilots from the mouth of the river, if required.

XXIII.—The cutter with pilots shall cruise in the day backwards and forwards from the Outer Bar buoys to off the mouth of the Hugoo river during the south-west monsoon, weather permitting, and shall remain day and night on her station, viz. three miles outside the Bar buoys during the north-east monsoon. The senior pilot on board will be held responsible should any complaint be made owing to delay being incurred in getting, or putting on, or taking a pilot out from a vessel.

XXIV.—The sanctioned pilotage charge is as follows:—

Draught in feet.	8	9	10	11	12	13	14	15	■
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
In or out	30	36	42	50	60	70	80	95	110
Draught in feet.	17	18	19	20	21	22	23		
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.		
In or out	125	145	160	180	205	230	260		

When the draught exceeds by more than six inches any depth here provided for, the next foot of draught shall be charged for.

For every foot, or part of a foot, exceeding six inches above 23 feet, an additional sum of Rs. 32 will be charged. Three-fourth rates will be charged for steamers and vessels towed by steam.

XXV.—In every case in which the services of a port pilot are not used, and the vessel is piloted by a person specially licensed to pilot in the Chittagong river, half the sanctioned charge for pilotage shall be paid.

XXVI.—All persons specially licensed to pilot in the Chittagong river shall be subject to the control of the Port Officer in regard to their pilotage work.

IRRIGATION.

The 9th September 1884.

No. 836.—*Notification.*—It is hereby notified for public information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections XI and XII of Act V (B.C.) of 1864 (The Canals Act), to pass the rules, of which a draft is published below, for the purpose of carrying out the provisions of the said Act in regard to the Eastern Canal Route and the Outer Boat Routes as defined in this Department's Notification No. 801 of the 12th August 1884.

1. Whenever mooring posts may have been put up by the Supervisor, vessels shall be made fast by the head and stern along the banks to such posts, and shall not be moored in any other manner.

2. The Supervisor may by notification prohibit vessels of any particular dimensions from passing through any particular line of navigation, and also prohibit the dropping of anchors or the putting up of bamboos or luggies in any part of the canals or banks.

3. As the water falls, the head and stern ropes of moored vessels must be loosened and the vessels gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually pulled in, and the vessels kept as close to the bank as possible.

4. Vessels whilst loading or unloading in the canals will be allowed to use ladders but the ladders must be gradually taken in as the water rises.

5. Only one vessel shall be allowed to make fast along and in line with the canal's banks, and no vessel shall be made fast, or be placed outside of vessels so secured. No vessel shall be placed in such a position as to endanger the safety of other vessels, or obstruct the passage of other vessels.

6. Vessels passing through the canals shall keep in separate lines: empty vessels keeping close to the bank, and those that are laden in the centre.

7. In portions of the canals where only one towing path exists, vessels shall moor on the off side, and the towing path side shall always be kept clear. The towing-path side shall be used by vessels going against the tide, and by no others.

8. In order to avoid collision and confusion, vessels waiting for a favourable tide at the junction of two or more rivers shall be moored at a distance of not less than 1,000 feet from the point of junction.

9. No person shall place obstructions on the canal banks or towing-paths, so as to impede a free passage along them, or cause injury to them, or shall commit a nuisance, or deposit filth of any sort on the banks or in the canals, nor do any act to cause injury to the canal works.

10. Every person either personally, or by his servant, infringing any of the above rules, numbered from 1 to 8, shall be liable under section XI of the Canals Act to a fine not exceeding Rs. 50 for any one infringement; or to a fine not exceeding five rupees a day for any continued infringement.

11. At the instance of the Supervisor of Navigation, any Magistrate who imposes a fine under section XI or XVI of the Act may award any portion of such fine to the informer.

12. Any person who wilfully or negligently allows a vessel to sink in the canals shall be liable to a fine not exceeding Rs. 50.

13. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates will give every assistance in removing the same.

14. A notice shall be affixed on such wreck, when recovered, calling on those concerned to pay to the Supervisor any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within 15 days of the date of notice, the boat and its contents, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section IX of the Act.

15. Every Canal Officer is authorized to remove any vessel, anchor, pole, or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

16. Whenever any laden vessel is seized by a Canal Officer, it shall be the duty of the Supervisor to give immediate notice of the same to the owner, or his agent, and to require the removal of the cargo without delay; intimating at the same time that the owner will be required to pay all expenses necessary for the proper custody and storage of the same.

17. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel seized under the Canals Act, he shall notify the seizure by advertisement in his office and in one or more of the Calcutta newspapers or advertisement papers. Such notices shall call upon the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

18. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Canals Act, and if the cargo be not removed within 10 days from the date of seizure, he may sell the same at

public auction to the highest bidder, after giving 15 days' notice of the same by advertisement in one or more of the Calcutta newspapers, or advertisement papers, and affixed in his office.

19. The money realized at such a sale shall be applied, first, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold, and the balance, if any, shall be held in deposit to be paid to the owner of the said cargo on his applying for the same.

20. The Canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them; but in the event of any sudden emergency, the Canals may be closed at any time without prior notice, and no claims shall be made in such case by owners of vessels or others for compensation on account of detention.

21. By the term Canal Officer in the foregoing rules is meant all officers of the Engineer or Upper Subordinate establishments of the Public Works Department employed on the Eastern Canal or Outer Boat Routes.

The proposed rules will supersede the rules now in force for the Navigable Channels from Kanteetollah to Khoolna, passed by Notification No. 281, dated the 15th August 1865, and published at page 1349 of the *Calcutta Gazette* dated 16th August 1865.

NOTIFICATION.

The 29th September 1884.—The following rules for the election of Municipal Commissioners in all Municipalities in the Dacca, Presidency, Patna, Rajshahye, Bhagulpore, Chittagong, Orissa, Chota Nagpore, and Burdwan Divisions (except Howrah), and the Suburbs of Calcutta, have been laid down by the Lieutenant-Governor under section 15 of Act III (B.C.) of 1884:—

Of the qualification of voters.

1. Persons otherwise qualified to vote must be males, who have resided within the limits of the municipality for one year previous to the date of the election, and who are of full age as defined by the Indian Majority Act of 1875.

2. Subject to the above rule, all persons who have, during the year immediately preceding the election, paid an aggregate amount of not less than Re. 1-8 in respect of any rates imposed by the Act, and who have been duly registered as hereinafter provided, shall be qualified to vote.

3. Subject to the proviso contained in rule 1, any person who, being a member of a joint undivided family, one of the members of which has, during the year preceding such election, paid in respect of any of the rates imposed by the Act an aggregate amount of not less than Re. 1-8, is a graduate or licentiate of any university, or holds a certificate as a Pleader or Mooktear, or holds any office or employment carrying a salary of not less than Rs. 50 per mensem, shall be entitled to vote.

Of the registration of voters.

4. As soon as possible after these rules shall have been published, the Magistrate of the district shall cause to be prepared a register of persons qualified to vote. Such register shall be prepared from the assessment lists, from enquiries made by persons specially deputed for the purpose, and in such other manner as may appear expedient. Such register shall from time to time be corrected and added to as the Magistrate may direct. It shall be the duty of the Chairman of the municipality to furnish the Magistrate or the Sub-Divisional Officer with any available information required for the preparation and correction, from time to time, of the register in question.

5. At least one month before the date fixed for the elections as hereinafter provided, an extract from the register, showing the persons qualified to vote within each ward, shall be published at suitable places within that ward. A copy of the whole register shall also be published at the municipal office.

6. The Magistrate, or such other gazetted officer as he may depute for the purpose, shall sit to hear and decide objections to, and claims for, registration of voters on some date of which at least three days' notice shall have been given, and which shall be at least ten days after the publication of the lists in question, and at least one week before the date fixed for the commencement of the elections; and such decision shall be final.

7. The ward lists as amended, after the hearing and decision of claims and objections, shall be considered as the final lists of persons entitled to vote at the elections, and no person whose name does not appear in the ward lists shall be permitted to vote.

Of the qualification and the nomination of candidates.

8. Any person qualified to vote under these rules shall be qualified for nomination as a candidate.

9. Any rate-payer qualified to vote may nominate any other qualified person as a candidate.

10. The Magistrate shall, at least six weeks before the date fixed for the commencement of the elections, issue notices calling for nominations of candidates. Such nominations shall be delivered at the municipal office within fourteen days from the date of publication of the notices in question. No names of candidates shall be received after the expiration of such period.

11. The preliminary list of candidates, with the names of the persons nominating them, shall be published in each ward, and at the municipal office, at least three weeks before the date fixed for the commencement of the elections. A notification shall at the same time be published, fixing a date for the hearing of objections to candidates. Such date shall be at least one week later than the publication of the notification in question.

12. The Magistrate, or such other gazetted officer as the Magistrate may depute for the purpose, shall hear and decide all objections to candidates; and such decision shall be final. Before publishing the final list, he shall ascertain that all the candidates are eligible and willing to stand for election.

13. The final list of candidates shall be published in each ward, and at the municipal office, at least one week before the date fixed for the commencement of the elections. No candidate whose name is not contained in such list shall be eligible for election.

Of the manner of holding elections.

14. The elections for the different wards shall be held on such date as may be fixed by the Lieutenant-Governor and notified in the *Calcutta Gazette*.

15. The Magistrate shall decide at what place the election for each ward shall be held.

16. The date fixed for the election in each ward shall be duly notified by beat of drum and by the publication of notices in such ward at least one month beforehand.

17. Each voter shall be entitled to vote for the ward in which he ordinarily resides, and for no other. He shall be entitled to vote for as many candidates as there are vacancies for such ward.

18. All persons wishing to vote must be present at the elections. No votes by proxy or in writing shall be received.

19. The Magistrate, or such other gazetted officer as the Magistrate may depute for the purpose, shall preside at the election for each ward, assisted by a Committee of not less than three and not more than five rate-payers of the ward, nominated by the Magistrate.

20. The proceedings shall commence by the presiding officer explaining the nature and objects of the meeting to the assembled voters. He shall then read out the list of candidates, and state the number of vacancies.

21. Each candidate shall then be proposed by one qualified voter, and seconded by another. Subject to the control of the presiding officer on points of order, each candidate and his proposer and seconder shall be permitted to address the assembled voters on the subject of his candidature. The names of candidates not duly proposed and seconded shall be removed from the list.

22. In the case of the number of the candidates duly proposed and seconded not being greater than the number of vacancies, the presiding officer, if he is satisfied that not less than 10 per cent. of the registered voters for the ward or wards in which the election is taking place are present, shall at once declare such candidates to be duly elected.

23. If the number of candidates duly proposed and seconded exceeds the number of vacancies, the presiding officer shall proceed to call for a show of hands in favour of each candidate. The presiding officer shall decide and state which of the candidates have received the largest number of votes by the said shows of hands. Should no poll be demanded against any one candidate, he shall declare such candidate to be duly elected.

24. Any defeated candidate, or his proposer or seconder, may demand a poll on his behalf, as against any or all of the candidates selected under the above rule.

25. When a poll is demanded, the votes shall then and there be recorded by the presiding officer with his own hand. All objections to voters shall, if possible, be summarily decided by the presiding officer, after reference to the register. No objections shall be entertained other than objections arising out of matters subsequent to registration under rule 6.

26. The presiding officer shall then and there declare such candidates as have a clear majority of votes to be duly elected. Provided that no candidate shall be declared to be duly elected unless at least 10 per cent. of the registered voters for the ward have appeared and recorded their votes.

27. If 10 per cent. of the registered voters for the ward are not present (Rule 23), or have not appeared and recorded their votes (Rule 26), the presiding officer shall report that the electors have failed, under section 16 of the Act, to elect Commissioners for the ward.

28. In case of an equality of votes for the same vacancy, and when the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, the presiding officer shall postpone the election, fixing at the same time a date upon which the proceedings shall be re-commenced. When the majority for any candidate consists only of disputed votes, with reference to which further enquiry appears to be necessary, the result of such enquiry shall be notified on a subsequent date.

29. The list of duly returned candidates for the whole municipality shall be forwarded to the Commissioner of the Division for publication in the *Calcutta Gazette*.

Miscellaneous.

30. No person in the employment or pay of the municipality shall, directly or indirectly, engage in canvassing for votes, or otherwise assist in the election of any candidate, otherwise than by giving his own vote. Any breach of this rule will render him liable to dismissal.

31. All costs incurred in the preparation of the register of voters, the publication of notices, the holding of elections, or taking any other necessary actions under these rules, shall be payable by the Commissioners out of the municipal fund.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 29th September 1884.—The following rules for the election of Municipal Commissioners in the Municipality of Howrah have been laid down by the Lieutenant-Governor under section 16 of Act III (B.C.) of 1884:—

NOTIFICATION.

In supersession of the Notification, dated the 15th May 1878, published at page 474 Part I of the *Calcutta Gazette* of the 22nd May 1878, the Lieutenant-Governor of Bengal is pleased to promulgate the following amended regulations concerning the supply, within the territories under the Lieutenant-Governor of Bengal, of lime or lemon-juice or other, antiscorbutics for the use of ships in accordance with the provisions of section 6 of the Merchant Shipping Act of 1867 :—

1. No lime or lemon-juice shall be deemed fit and proper to be taken on board any ship for the use of the crew or passengers thereof, unless the same is shown by certificate under the hand of an Inspector appointed by the local Government, to be proper for use on board such ship, such certificate to be given upon inspection of a sample, but no such certificate to be given until it be shown to the satisfaction of such Inspector that the juice contains not less than 25 grains of citric acid to the fluid ounce; nor unless the same contains 15 per centum of proper and palatable proof spirits (except in the cases mentioned in Rule 2 below) to be approved by such Inspector, or by the proper officer of Customs, and to be added before or immediately after the inspection thereof; nor unless the same is packed in such bottles, at such time, and in such manner, and is labelled in such manner, as the Inspector or the Collector of Customs may direct, provided that when any such lime or lemon-juice is deposited in any bonded warehouse, and has been approved, as aforesaid, by the said Inspector, the said spirits, or so much of the said spirits as is necessary to make up 15 per centum, may be added in such warehouse, without payment of any duty thereon; and when any spirit has been added to any lime or lemon-juice, and the same has been labelled as aforesaid, it shall be deposited in the warehouse for delivery as ship's stores, only upon such terms and subject to such provisions of the Customs Act as are applicable to the delivery of ship's stores from a bonded warehouse.

2. In the case of foreign-going ships carrying Asiatic, non-alcoholic lime juice, *i.e.*, lime-juice preserved without spirit, prepared by Baboo Preololl Dey, of No. 8, Beaden Street, Calcutta, may be deemed to be fit and proper; provided that the non-alcoholic juice shall not be deemed to be fit and proper to be taken on board any ship for the use of the Asiatic members of the crew or passengers thereof, unless the same is shown, by certificate under the hand of an Inspector appointed by the local Government, to be proper for use on board such ship, such certificate to be given upon inspection of a sample, but no such certificate to be given until it be shown to the satisfaction of such Inspector that the juice contains not less than 25 grains of citric acid to the fluid ounce; nor unless the same is packed in such bottles, at such time, and in such manner, and is labelled in such manner as the Inspector or the Collector of Customs may direct.

3. In the event of a master of a ship being desirous of landing lime-juice in store for the purpose of being rectified or rendered fit for the use of the crew or passengers on board such vessel, he shall enter the same at the Custom House, to be landed for rectification, under the usual form of engagement, to be re-shipped after such lime or lemon-juice shall have been properly certified and rectified to by the Inspector, under the same rules and regulations as in the case of lime or lemon-juice shipped direct from a warehouse.

4. When any lime-juice has been taken from a warehouse as ship's stores, the label shall remain intact until twenty-four hours at least after the ship shall have left her port of departure on her foreign voyage.

IRRIGATION.

The 9th September 1884.

No. 336.—*Notification.*—It is hereby notified for public information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections XI and XII of Act V (B.C.) of 1864 (The Canals Act), to pass the rules, of which a draft is published below, for the purpose of carrying out the provisions of the said Act in regard to the Eastern Canal Route and the Outer Boat Routes as defined in this Department's Notification No. 301 of the 12th August 1884.

1. Whenever mooring posts may have been put up by the Supervisor, vessels shall be made fast by the head and stern along the banks to such posts, and shall not be moored in any other manner.

2. The Supervisor may by notification prohibit vessels of any particular dimensions from passing through any particular line of navigation, and also prohibit the dropping of anchors or the putting up of bamboos or luggies in any part of the canals or banks.

3. As the water falls, the head and stern ropes of moored vessels must be loosened and the vessels gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually pulled in, and the vessels kept as close to the bank as possible.

4. Vessels whilst loading or unloading in the canals will be allowed to use ladders but the ladders must be gradually taken in as the water rises.

5. Only one vessel shall be allowed to make fast along and in line with the canal's banks, and no vessel shall be made fast, or be placed outside of vessels so secured. No vessel shall be placed in such a position as to endanger the safety of other vessels, or obstruct the passage of other vessels.

6. Vessels passing through the canals shall keep in separate lines: empty vessels keeping close to the bank, and those that are laden in the centre.

7. In portions of the canals where only one towing path exists, vessels shall moor on the off side, and the towing-path side shall always be kept clear. The towing-path side shall be used by vessels going against the tide, and by no others.

8. In order to avoid collision and confusion, vessels waiting for a "favourable tide" at the junction of two or more rivers shall be moored at a distance of not less than 1,000 feet from the point of junction.

9. No person shall place obstructions on the canal banks or towing-paths, so as to impede a free passage along them, or cause injury to them, or shall commit a nuisance, or deposit filth of any sort on the banks or in the canals, nor do any act to cause injury to the canal works.

10. Every person either personally, or by his servant, infringing any of the above rules, numbered from 1 to 8, shall be liable under section XI of the Canal's Act to a fine not exceeding Rs. 50 for any one infringement; or to a fine not exceeding five rupees a day for any continued infringement.

11. At the instance of the Supervisor of Navigation, any Magistrate who imposes a fine under section XI or XVI of the Act may award any portion of such fine to the informer.

12. Any person who wilfully or negligently allows a vessel to sink in the canals shall be liable to a fine not exceeding Rs. 50.

13. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates will give every assistance in removing the same.

14. A notice shall be affixed on such wreck, when recovered, calling on those concerned to pay to the Supervisor any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within 15 days of the date of notice, the boat and its contents, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section IX of the Act.

15. Every Canal Officer is authorized to remove any vessel, anchor, pole, or other thing which he may find in a position which is in contravention of these rules, and to deal with in such a manner as may be necessary to give effect to the rules.

16. Whenever any laden vessel is seized by a Canal Officer, it shall be the duty of the Supervisor to give immediate notice of the same to the owner, or his agent, and to require the removal of the cargo without delay; intimating at the same time that the owner will be required to pay all expenses necessary for the proper custody and storage of the same.

17. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel seized under the Canal's Act, he shall notify the seizure by advertisement in his office and in one or more of the Calcutta newspapers or advertisement papers. Such notices shall call upon the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

18. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Canal's Act, and if the cargo be not removed within 10 days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving 15 days' notice of the same by advertisement in one or more of the Calcutta newspapers, or advertisement papers, and affixed in his office.

19. The money realized at such a sale shall be applied, first, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold, and the balance, if any, shall be held in deposit to be paid to the owner of the said cargo on his applying for the same.

20. The Canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them; but in the event of any sudden emergency, the Canals may be closed at any time without prior notice, and no claims shall be made in such case by owners of vessels or others for compensation on account of detention.

21. By the term Canal Officer in the foregoing rules is meant all officers of the Engineer or Upper Subordinate establishments of the Public Works Department employed on the Eastern Canal or Outer Boat Routes.

The proposed rules will supersede the rules now in force for the Navigable Channels from Kanteetollah to Khoolna, passed by Notification No. 231, dated the 15th August 1865, and published at page 1349 of the *Calcutta Gazette* dated 16th August 1865.

IRRIGATION.

The 9th September 1884.

No. 336.—*Notification.*—It is hereby notified for public information that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections XI and XII of Act V (B.C.) of 1864 (The Canals Act), to pass the rules, of which a draft is published below, for the purpose of carrying out the provisions of the said Act in regard to the Eastern Canal Route and the Outer Boat Routes as defined in this Department's Notification No. 301 of the 12th August 1884.

1. Whenever mooring posts may have been put up by the Supervisor, vessels shall be made fast by the head and stern along the banks to such posts, and shall not be moored in any other manner.

2. The Supervisor may by notification prohibit vessels of any particular dimensions from passing through any particular line of navigation, and also prohibit the dropping of anchors or the putting up of bamboos or luggies in any part of the canals or banks.

3. As the water falls, the head and stern ropes of moored vessels must be loosened and the vessels gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually pulled in, and the vessels kept as close to the bank as possible.

4. Vessels whilst loading or unloading in the canals will be allowed to use ladders, but the ladders must be gradually taken in as the water rises.

5. Only one vessel shall be allowed to make fast along and in line with the canal's banks, and no vessel shall be made fast, or be placed outside of vessels so secured. No vessel shall be placed in such a position as to endanger the safety of other vessels, or obstruct the passage of other vessels.

6. Vessels passing through the canals shall keep in separate lines: empty vessels keeping close to the bank, and those that are laden in the centre.

7. In portions of the canals where only one towing path exists, vessels shall moor on the off side, and the towing-path side shall always be kept clear. The towing-path side shall be used by vessels going against the tide, and by no others.

8. In order to avoid collision and confusion, vessels waiting for a favourable tide at the junction of two or more rivers shall be moored at a distance of not less than 1,000 feet from the point of junction.

9. No person shall place obstructions on the canal banks or towing-paths, so as to impede a free passage along them, or cause injury to them, or shall commit a nuisance, or deposit filth of any sort on the banks or in the canals, nor do any act to cause injury to the canal works.

10. Every person either personally, or by his servant, infringing any of the above rules, numbered from 1 to 8, shall be liable under section XI of the Canal's Act to a fine not exceeding Rs. 50 for any one infringement; or to a fine not exceeding five rupees a day for any continued infringement.

11. At the instance of the Supervisor of Navigation, any Magistrate who imposes a fine under section XI or XVI of the Act may award any portion of such fine to the informer.

12. Any person who wilfully or negligently allows a vessel to sink in the canals shall be liable to a fine not exceeding Rs. 50.

13. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates will give every assistance in removing the same.

14. A notice shall be affixed on such wreck, when recovered, calling on those concerned to pay to the Supervisor any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within 15 days of the date of notice, the boat and its contents, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section IX of the Act.

15. Every Canal Officer is authorized to remove any vessel, anchor, pole, or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

16. Whenever any laden vessel is seized by a Canal Officer, it shall be the duty of the Supervisor to give immediate notice of the same to the owner, or his agent, and to require the removal of the cargo without delay; intimating at the same time that the owner will be required to pay all expenses necessary for the proper custody and storage of the same.

17. If the Supervisor be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel seized under the Canal's Act, he shall notify the seizure by advertisement in his office and in one or more of the Calcutta newspapers or advertisement papers. Such notices shall call upon the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

18. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Canal's Act, and if the cargo be not removed within 10 days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving 15 days' notice of the same by advertisement in one or more of the Calcutta newspapers, or advertisement papers, and affixed in his office.

19. The money realized at such a sale shall be applied, first, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold, and the balance, if any, shall be held in deposit to be paid to the owner of the said cargo on his applying for the same.

20. The Canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them; but in the event of any sudden emergency, the Canals may be closed at any time without prior notice, and no claims shall be made in such case by owners of vessels or others for compensation on account of detention.

21. By the term Canal Officer in the foregoing rules is meant all officers of the Engineer or Upper Subordinate establishments of the Public Works Department employed on the Eastern Canal or Outer Boat Routes.

The proposed rules will supersede the rules now in force for the Navigable Channels from Kestetollah to Khoolna, passed by Notification No. 281, dated the 15th August 1865, and published at page 1349 of the *Calcutta Gazette* dated 16th August 1865.
